From MD & CEO's desk

“ As we transition from 0-to-1 to the 1-to-10 stage, we are entering into a phase of acceleration and scale. We are aggressively updating our approaches to business development, product innovation, technology adaption and human resources addition to build a resilient Exchange and dedicated to strengthen the foundations of the Exchange for Bharat. ”

Latika S Kundu
Managing Director & CEO

We are often asked “What does it feel like to build an Exchange in India?”

Building something of this urgency and ambition for impacting so many lives countrywide have often led me reflect that I have learnt a lot in the valleys during the last three years as much at the mountain tops. You might have felt this when you are hiking up a hill and finally conquer a summit, only to realize in awe that the climb must continue and that the real summit is still far ahead.

In an era where technology is a key driver of progress, MSE is dedicated to harnessing its potential to redefine the landscape of the Indian capital markets. MSE is not just adapting to change but also committed to play an active role in shaping it. As we witness the awakening of a thriving Asian giant - a once slumbering elephant, now humming in harmony, with an unwavering focus to impact 1.4B lives - MSE is dedicated to develop resilient systems for the inclusive growth of Capital Markets in India.

We take great pride in highlighting the success of the Opening Bell Ceremony, culminating as part of World Investor Week for the past two years. We have embarked on an audacious goal for creating innovative products and spreading awareness in the market with an aim to include all – from communities like LGBTQIA+ to household women, aspiring youth to NSG commandos. We hosted the first ever MSE Investor Expo as a part of our initiative during the Opening Bell Ceremony in 2023. The event attracted a robust participation of 2,000 attendees, both in-person and online. We were able to partner with leading Mutual Fund, Wealth Management and Brokerage institutions in our mission this year. These gatherings continue to serve as a dynamic nexus, uniting investors, industry experts, and thought leaders.

The primary goal is to nurture dialogue, exchange insights, and elevate awareness about the myriad opportunities inherent within the capital markets.

In our pursuit to make investing more accessible, MSE has launched investor awareness videos in multiple languages through our mascot. This initiative is designed to reach a wider audience and encourage greater participation in the capital markets. Additionally, our campaigns Invest and Grow Sensibly on the radio and music apps seek to engage and educate diverse demographics on the benefits and intricacies of investing.

We are a thriving and growing platform in the vast market that the country offers. As we transition from 0-to-1 to the 1-to-10 stage, we are entering into a phase of acceleration and scale. We are aggressively updating our approaches to business development, product innovation, technology adaption and human resources addition to build a resilient Exchange and dedicated to strengthen the foundations of the Exchange for Bharat.

MSE is built on the two pillars of Discipline and Integrity which strengthens the core philosophy of the Exchange ‘MSE First’. Our shareholders, employees, customers and partners have trusted us and believed us at this crucial juncture of the Exchange’s journey. I thank all of you for your immense support and providing us the right pathway from where we started this journey in FY 2020-21 to where we are today and to where we want to be. At the heart of MSE’s success is our people-centric approach, as we navigate the complexities of the financial world, the well-being and success of our people remains paramount. The ethos of ‘MSE First’ underlines our commitment to our stakeholders –investors, employees, and the market.

6. TECHNOLOGY

The Exchange has prioritized performance, reliability, redundancy, and security in the design of its IT infrastructure. The Trading System operates on a Fault Tolerant Infrastructure consisting of Fault Tolerant Servers, routers, and firewalls equipped with Intrusion Prevention and Detection System, ensuring High Availability. The robust technology infrastructure supports efficient operations, fast order routing, immediate trade execution, trade reporting, market data dissemination, risk management, and market surveillance. The Exchange achieved 100% uptime during the Financial Year 2022-23 without any technical difficulties and is committed to continuous improvement through customer feedback by adding new security features and functionalities for an enhanced experience. The MSE trading system is user-friendly and has a sound architecture that meets the Exchange's system requirements, which has gained greater acceptance among traders and investors. The Exchange's systems and processes are designed to uphold market integrity

and promote transparency in operations. Additionally, the Exchange's interoperability framework enables the settlement of trades executed at MSE at designated Clearing Corporations.

The Exchange's Surveillance system has the capability to generate alerts with user-configurable thresholds that trigger investigations into any unusual trading trends. The system complies with SEBI's specified norms to ensure efficient security watch systems and reports. The Exchange is committed to continuously improving member satisfaction and providing world-class technology. The Exchange's online trading system is accessible to members across the country through multiple modes of connectivity, including Multi-Protocol Label Switching (MPLS), colocation, and the internet. The IT components are hosted in a state-of-the-art data center designed to support mission-critical operations, monitored 24/7.

MSE maintains a Disaster Recovery Site (DRS) at a different seismic zone and a Near Site near its Primary Site to achieve minimal data loss (near to zero data loss). The Exchange implements a state-of-the-art DR solution with real-time data replication from the Primary Site to the Near Site and DR Site. Synchronization between the Primary Site and the Near Site is synchronous, while synchronization between the Primary Site and the DR Site is asynchronous. The Exchange's Recovery Time Objective (RTO) and Recovery Point Objective (RPO) are 45 minutes and 15 minutes, respectively, for all critical systems like Trading, Surveillance, and Risk Management. Periodic mock tests and unannounced live trading from the DR site ensure proper functioning of DR systems.

The Exchange offers real-time price information through its “Data feed” service to interested parties. Additionally, the Exchange provides delayed data feed at no cost to data feed vendors. The data feed includes information about products traded on the Exchange platform.

GRC (Governance Risk and Compliance) & Quality Management System

MSE adheres to all controls mandated by SEBI's Cyber Security & Cyber Resilience Framework. * Mr. Ajai Kumar appointed as a chairman of Risk Management Committee w.e.f. April 28, 2022

** Mr. Vijay Sardana, PID term expired on April 26, 2022

Risk Management Objectives

The objective of Risk Management is to help management make informed decisions which will:

- Provide a sound basis for good corporate governance;
- Avoid major surprises related to the overall risk and control environment;
- Protect & enhance shareholders' value;
- Promote an innovative, risk aware culture in pursuit of

opportunities to benefit the company;

- Promote qualitative and consultative risk taking;
- Risk Management framework ensures that information about risk derived from the risk management process is adequately reported and used as a basis for decision making and accountability at all relevant organizational levels.

Risk Management Procedure:

Risk Identification: Risk Management is a continuous interplay of actions that the Company has to face. It is brought in to effect by the Company's Risk Committee, Management and other personnel. At MSE all Risks are categorized into two i.e. Departmental Risk and Organisation Risk. The Risk Management process of the Company aims at providing reasonable assurance regarding achievement of the Company's objectives. In order to provide reasonable assurance, the Company's risk management process endeavors to help identify, assess and escalate new risks impacting the objectives of the Company, Define mitigation actions to respond to the new risks effectively, Monitor effectiveness of existing risk management mitigation actions and Report risks and risk management mitigation actions to the Risk Management Committee on a periodic basis. The risk analysis and evaluation are carried out using scenario-based assessments to decide the potential impact, likelihood of occurrence and in some cases, the detectability of the risk. In all departments, Risk Champions are identified who along with Risk Department review the internal process and identifies if any new risk is coming into the system and reports the same to Internal Risk Management Committee (IRMC) and RMC.

Risk Mitigation: Mitigation actions are prepared and finalised, owners are identified and the progress of mitigation actions are monitored and reviewed. IRMC and RMC periodically reviews and monitors the mitigation actions, its effectiveness and provides its advice and insights to the mitigation teams.

Risk Reporting: The top risks from the risk registers, its mitigation plans, periodic review of processes and new risks emanating from such reviews, a detailed update on Risks is presented and deliberated upon in the meetings of the RMC which are conducted on a periodic basis.

Risk Management Framework for the year

During the year, as part of monitoring the key risks, the risk management team:

- a) Reviewed the risk management practices, which were primarily focused on the effectiveness of strategic programs in improving our competitive position and differentiation in market segments.
- b) Reviewed the momentum of new initiatives to achieve our long term business aspirations, our preparedness to address any incident that may cause business disruptions to our physical and technological infrastructure, strengthening operational and internal controls to detect fraudulent activity, leadership development and succession, planning and monitoring possible impact of changes in our regulatory environment.
- c) Reviewed Technology, Information Security risks including cyber-attacks and threat intelligence and continue to

monitor the progress of mitigation actions. In addition to this, mitigation plan is executed for data access, its preservation and monitoring measures for internal users is implemented.

- d) Reviewed key operational risks and actions based on inputs from internal risk register, external assessment, internal audit findings and incidents.
- e) Reviewed operational risk areas including client service level standards, retentions and engagement of employees, reskilling of employees, brand attractiveness, women's safety, physical securities, adequacy of insurance coverage, succession planning, and business continuity management.
- f) Monitoring by regulatory department, the key developments in the regulatory environment.
- g) Reviewed the risk management practices with distinct focus on impact of COVID – 19 on the organisational performance, physical security, trading operations, cyber and information security and key measures taken for employee well – being.

Due to the inherent risks in the Company's business activities, it is vital that MSE keeps improving risk management practices to strengthen the organisation through informed strategic and business decisions.

40. MARKETING AND COMMUNICATIONS

Investor Awareness Programme

As per SEBI directives, the Exchange has established the Metropolitan Stock Exchange Investor Protection Fund Trust (MSEIPFT). The main focus of MSEIPFT is to conduct Investor Education and Awareness programmes (IAP) to ensure better protection for investors. These programs have proven to be effective in engaging with retail and potential Investors.

In the fiscal year 2022-23, the Exchange initiated a comprehensive series of regional investor awareness programs to educate and empower individuals across different locations. A total of 136 programs were conducted, reaching out to a substantial audience of over 8735 participants of which 70 were conducted by MSE in collaboration with SEBI, the depositories, NSDL and CDSL. These programs were strategically designed to enhance the knowledge and understanding of investors in various regions, fostering a culture of informed decision-making and responsible investment practices.

Out of 136 programs 26 were webinars to ensure wider accessibility and inclusivity in investor education. These online sessions allowed individuals from different locations to participate conveniently from the comfort of their homes or workplaces. The webinars covered a broad range of investment-related subjects, such as financial planning, investment instruments, regulatory frameworks, and ethical investing. By leveraging digital platforms, the exchange successfully reached out to a diverse audience, transcending geographical boundaries and connecting with investors in 26 locations.

The programs played a crucial role in fostering a culture of informed investment decision-making, equipping individuals with the necessary knowledge and tools to navigate the complexities of the financial markets.

The Exchange's commitment to investor education demonstrates its dedication to promoting a sustainable and thriving investment ecosystem in the region.

World Investor Week 2022

The Exchange enthusiastically participated in the World Investor Week 2022, a global initiative by IOSCO & WFE aimed at promoting investor education and protection. As a part of this event, the exchange hosted the opening bell ceremony at its corporate office on October 03, 2022 in Mumbai.

It was a remarkable occasion as the event was attended by the Head of the Triveni Samaj along with the other members of the LGBTQ community, highlighting the exchange's commitment to inclusivity. Mr. G. P. Garg, the Executive Director of SEBI (Securities and Exchange Board of India), also graced the program with his presence, adding further significance to the event. To mark the occasion, the exchange introduced its investor awareness mascot, 'Mr. Amol', symbolizing the journey towards financial literacy. Additionally, the Exchange released 10 informative videos on investor awareness, empowering attendees with valuable knowledge. The program attracted a sizable audience, actively engaging in the discussions and initiatives.

This event exemplified the Exchange's dedication to spreading awareness, educating investors, and fostering a culture of informed decision-making in the financial market.

Investor Awareness Program for LGBTQ Community

The Exchange demonstrated its commitment to inclusivity and diversity by organizing a special financial literacy program catered specifically to the LGBTQ community.

Recognizing the unique financial challenges and needs faced by this community, the program aimed to provide tailored education and guidance on financial management and investment opportunities.

The program successfully attracted 50 participants, creating a supportive space for individuals to learn and engage in meaningful discussions. By addressing topics such as budgeting, investing, and planning for the future, the Exchange empowered participants to take control of their financial well-being.

This initiative exemplifies the Exchange's dedication to promoting financial literacy among diverse communities and ensuring equal access to knowledge and resources for all.

ABC – ‘I’ (Any Body Can – Invest)

A series of 8 workshops namely ‘ABC – ‘I’ (Anybody Can – Invest) aimed at equipping the common man with the fundamentals of investing in the securities market and managing personal finances. The Exchange Presents ‘ABC – ‘I’ (Anybody Can – Invest)’ Workshops: Empowering the Common Man to Master Investing and Personal Finance.

An initiative aimed at empowering the common man to gain the knowledge and skills necessary to invest in the securities market and effectively manage personal finances. We are delighted to note that a series of workshops titled ‘ABC – ‘I’ (Anybody Can – Invest),’ was conducted in the dynamic cities of Mumbai, Thane, and Navi Mumbai.

The primary objective of these workshops is to bridge the gap between financial literacy and practical application, ensuring that every individual has the opportunity to navigate the complexities of the securities market and make informed investment decisions.

The ‘ABC – ‘I’ (Anybody Can – Invest)’ workshops covered a wide range of topics designed to cater to individuals from all backgrounds and levels of experience. Participants gained a deep understanding of crucial concepts related to investing and personal finance management. These workshops were conducted in English, Hindi and Marathi language. A total of 387 participants attended and made it successful.

Regional Investor Awareness Program

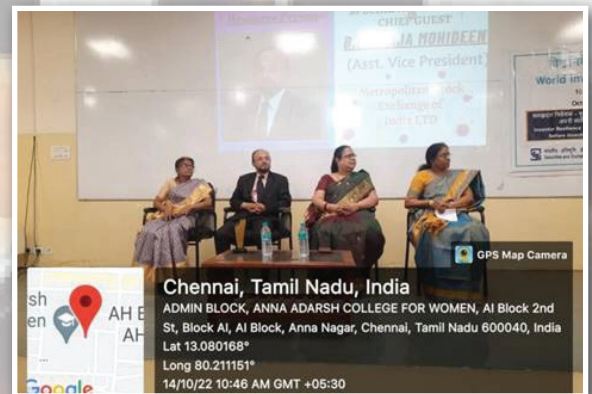

The Exchange has taken a proactive approach to promote investor awareness by conducting a series of investor education initiatives.

In collaboration with esteemed regulatory bodies such as SEBI (Securities and Exchange Board of India), CDSL (Central Depository Services Limited), and NSDL (National Securities Depository Limited), the Exchange organized a total of 5 physical sessions and 9 webinars across 13 cities.

The aim was to reach out to as many participants as possible and equip them with the necessary knowledge and tools to make informed investment decisions. The efforts proved successful, as a total of 1,073 participants were covered throughout the sessions.

By partnering with key industry stakeholders and providing accessible platforms for investor education, the Exchange has played a crucial role in enhancing financial literacy and empowering investors across multiple cities.

These workshops were designed to be interactive and engaging, providing participants with ample opportunities to ask questions, participate in discussions, and collaborate with industry experts and fellow attendees.

Nukkad Natak

The Exchange organized 08 Nukkad Natak / Skits in 5 different colleges in Mumbai, Navi Mumbai and Goa.

Financial literacy skits or plays have the potential to make a lasting impact by combining entertainment and education to promote sound financial practices among individuals.

Through the medium of dramatic storytelling and engaging performances, these skits / plays captivate audiences and effectively convey important financial concepts. By weaving informative content into relatable narratives, they create a memorable and relatable experience that resonates with viewers.

Such performances not only entertain but also empower individuals with the knowledge and skills needed to make informed financial decisions. By promoting financial literacy in an engaging and accessible manner, these skits / plays have the power to positively influence attitudes and behaviors towards money management, ultimately leading to improved financial well-being for individuals and communities.

Audience covered are as below;

1. Government College of Commerce, Goa - 2 Skits
2. JVM Mehta College, Airoli; Navi Mumbai - 1 Skit/play
3. MMP Shah, Matunga; Mumbai - 1 skit/play
4. VSIT, Wadala; Mumbai - 1 skit/play
5. Wilson College, Chowpatty; Mumbai- 3 Role Plays

2D Animated Videos on Investor Awareness

The exchange took a proactive step towards investor awareness by creating 10 informative videos in both English and Hindi languages. These videos covered a range of important topics related to investment, financial literacy, and market insights.

In order to reach a wide audience, the exchange strategically posted these videos on various social media platforms, including Twitter, Facebook, LinkedIn, Instagram, and YouTube.

Additionally, the videos were made available on the exchange's official website, ensuring easy access for interested individuals.

By utilizing the power of digital platforms, the exchange effectively disseminated valuable investor education content to a broad spectrum of viewers, contributing to the overall goal of promoting financial literacy and empowering investors with the necessary knowledge to make informed decisions.

Initiatives by MSEIPFT

“Be Wise Think Twice”

As part of its ongoing commitment to educate investors in the securities market and empower them to make well-informed investment decisions, the Metropolitan Stock Exchange Investor Protection Fund Trust (MSEIPFT) continued with its campaign called “Be Wise Think Twice” on its social media handles.

Through this initiative, MSEIPFT successfully reached out to a wide audience. The “Be Wise Think Twice” campaign was designed to equip investors with essential knowledge and insights, enabling them to exercise caution and prudence before making investment choices.

Kaun Banega Investor?

To celebrate World Investor Week, the Exchange organized an engaging online crossword contest on Facebook, accompanied by cross promotions on LinkedIn, Instagram, and Twitter.

The campaign ran for one week, offering participants the chance to test their knowledge. Each day, a new crossword puzzle or set of questions was posted on our social media platforms, allowing participants to showcase their expertise.

To maintain fairness and timeliness, answers were accepted only within a seven-hour timeframe. The winners were announced after the contest based on the speed and accuracy of their answers, creating an atmosphere of friendly competition and encouraging active participation.

Investment Mantra

The Exchange launched a captivating series of online infographics titled 'Investment Mantra'

Over the course of a week, these infographics showcased famous investors and their remarkable investment journeys. With the aim of engaging our existing follower base and reaching a wider audience, we strategically posted the series on our Facebook page, with cross promotions on LinkedIn, Instagram, and Twitter.

By leveraging these popular social media platforms, we were able to generate increased participation and foster a sense of enthusiasm among our followers.

The infographics provided valuable insights into the investment strategies and achievements of renowned investors, serving as a source of inspiration for aspiring investors in India.

Kolkata Book Fair 2023

The International Kolkata Book Fair, formerly known as the Calcutta Book Fair, is a prominent winter fair held in Kolkata, India. Unlike typical trade fairs, this book fair is primarily aimed at the general public rather than wholesale distributors. It stands out as the world's largest non-trade book fair, Asia's largest book fair, and attracts the highest number of attendees compared to other book fairs worldwide. In fact, it is considered the third-largest annual gathering of books globally, following the Frankfurt Book Fair and the London Book Fair.

The 45th edition of the International Kolkata Book Fair was held from January 31, 2023 to February 12, 2023 at Central Park in Bidhannagar. The Securities and Exchange Board of India (SEBI) decided that all Market Infrastructure Institutions (MII) should participate in the book fair with the primary objective of promoting investor education and creating awareness about the capital markets.

By integrating investor education within the book fair, SEBI aimed to reach a wide audience and provide valuable knowledge about the financial markets and investment opportunities. The inclusion of such initiatives in a renowned cultural event like the International Kolkata Book Fair underscores the importance of empowering individuals with the necessary information to make informed financial decisions.

Samman 2022

Employees spend the majority of their waking hours at work, investing their time and effort in enhancing their performance to achieve the objectives of the company. It is crucial for organizations to acknowledge and appreciate the contributions of these employees.

Recognition serves as one of the simplest yet powerful ways to ensure that employees feel valued for their hard work and dedication. When employees receive constant and genuine recognition, it motivates them to continue contributing to the success of the organization. Recognized employees are more likely to develop a sense of loyalty and commitment, making them want to stay and further enhance their performance.

This year on October 7, 2022, the MSE hosted “Samman” an evening dedicated to honoring the long-serving staff members of the exchange. The Managing Director and CEO, Ms. Latika S Kundu, took the opportunity to personally congratulate the MSE team members who had dedicated over 10 years of service to the exchange.

The event was a platform for the organization to recognize and appreciate the remarkable commitment and loyalty displayed by these employees.

As a token of appreciation, MSE presented the honored employees with a tangible symbol of recognition along with a heartfelt letter expressing gratitude for their significant contributions.

Through this gesture, MSE reinforced the value it places on its employees and encouraged them to continue their exceptional performance and commitment to the exchange’s success.

Rewards & Recognition @ MSE

MSE understands the importance of recognizing and rewarding its employees for their outstanding contributions.

To foster a culture of appreciation and motivation, MSE has implemented a robust rewards and recognition program. This program is designed to acknowledge the exceptional efforts and achievements of employees across various departments and levels within the organization.

The rewards and recognition program at MSE includes several elements aimed at celebrating and appreciating employee performance.

These elements may include non-monetary rewards like certificates of achievement, trophies, or plaques.

By implementing such a comprehensive rewards and recognition program, MSE not only motivates its employees to strive for excellence but also cultivates a positive and encouraging work environment where individuals feel valued and appreciated for their contributions.

Women's Day @ MSE

On the 8th of March 2023, the exchange celebrated International Women's Day with great enthusiasm. As part of the celebrations, the exchange took the opportunity to launch its first-ever corporate video, highlighting its values, achievements, and commitment.

This initiative aimed to inspire and empower women, encouraging them to pursue careers in finance and providing them with role models and mentors to look up to.

Simultaneously, the exchange also dedicated the day to giving back to the community by visiting the "Vatsalya Trust," an NGO focused on empowering and educating less fortunate girls and women.

Visit to Vatsalya Trust on Women's Day

The exchange presented the NGO with a thoughtful assortment of books, board games, educational toys, and sweets, bringing joy and educational resources to the beneficiaries.

Additionally, the exchange generously sponsored a special lunch for the girls and women at the NGO, further fostering a sense of camaraderie and support.

By actively engaging with the community and promoting education and empowerment, the exchange demonstrated its commitment to creating a more inclusive and equitable society.

41. ACKNOWLEDGEMENTS

The Board is grateful to the members of various committees constituted during the year.

The Board places on record their gratitude for the valuable guidance and support received from the Government of India, particularly Ministry of Finance and Ministry of Corporate Affairs, Securities and Exchange Board of India and Reserve Bank of India and for the continuous support given by participating banks, shareholding banks and institutions, NSDL, CDSL, FICCI, CII, ASSOCHAM, IMC and various other international, national and regional chambers of commerce, trade associations and all other broker-members, lawyers and law firms, consulting firms, vendors, technology partners and all other business associates to the Company.

The Board members are also deeply touched by the efforts, sincerity and loyalty displayed by the employees and the Board wishes to convey their appreciation to the Company's employees for their continuous efforts as well as their collective contribution which enabled the Company to meet the challenges set before it and look forward for their support in future as well.

Further, the Board expresses its gratitude to you our Shareholders for the confidence reposed in the Management of the Company.

 - (d) The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021 - **Not Applicable to the Company**;

- (e) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client – **Not Applicable to the Company**;
- (f) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018 - **Not Applicable to the Company**;
- (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021 - **Not Applicable to the Company**;
- (h) The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021 - **Not Applicable to the Company**;
- (i) The Securities and Exchange Board of India (Depositories and Participants) Regulations, 2018.
- (vi) The Company has complied with the provisions of the Prevention of Money Laundering Act, 2002 and other applicable general laws, rules, regulations and guidelines.

We have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards with regard to Meeting of Board of Directors (SS-1) and General Meetings (SS-2) issued by The Institute of Company Secretaries of India; and
- (ii) SEBI (Listing Obligations and Disclosures Requirements) Regulations, 2015 **to the extent applicable**.

During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

We further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive Director, Non-Executive Director and Public Interest Directors/ Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for a meaningful participation at the meeting.

The minutes of the Board Meetings and Committee Meetings have not identified any dissent by members of the Board/Committee of the Board. The Minutes of the Board Meetings and Committee Meetings were duly approved at the meeting by the Chairman of the Meeting.

We further report that there are adequate systems and processes in the Company commensurate with its size and operations, to monitor and ensure compliance with applicable laws, rules, regulations and guidelines. As informed, the Company has responded appropriately to communication received from various statutory / regulatory authorities

including initiating actions for corrective measures, wherever found necessary.

We further report that during the audit period, following specific events/actions have taken place, having a major bearing on the Company's affairs in pursuance of the above referred laws, rules, regulations, guidelines and standards:

1. In the matter of National Stock Exchange of India Ltd Vs Competition Commission of India & Metropolitan Stock Exchange of India Limited (Civil Appeal No.8974 of 2014) before Supreme Court of India, National Stock Exchange of India Ltd (NSE) had filed an appeal to set aside the impugned judgement and final order dated 5th August, 2014 passed by the Competition Appellate Tribunal, New Delhi in Appeal No.15 of 2011 wherein a penalty of Rs.55.5 Crores was imposed on NSE stating that NSE had abused its dominant position by carrying out predatory pricing in the securities market of stock exchange services. Further, pursuant to the order passed by the Supreme Court on 20th February, 2023, NSE had admitted petition. The matter is still pending for final hearing.
3. Cogencis Information Service Ltd (Cogencis) has filed a Commercial Suit before the Hon'ble High Court Bombay against the Company under the Commercial Courts Act, 2015 for recovery of debt of Rs.1,29,90,975/-, Cogencis was appointed by the Company in 2016 for providing data feed services for 2 years which the Company terminated services as per Clause 3 of the subscription form by giving 90 days' advance notice on 26.12.2016. As per clause 2 of the subscription form, the minimum tenure of the agreement was 2 years before which there could be no termination. It was alleged by Cogencis that it continued to provide its services to the Company & hence raised invoices until completion of 2 years. the Company had refuted the above allegations & clarified that Clause 2 mentions the minimum initial term for the agreement unless terminated in accordance with clause 3. Cogencis filed petition with NCLT, Mumbai u/s 9 of the IBC code against the Company claiming an alleged operational debt amounting to Rs.94,56,511/-. A notice dt 12.03.2021 was received from Cogencis for mediation before the Mumbai District Legal Services Authority, City Civil & sessions court to which MSE did not consent. Accordingly, a non-starter report was submitted to the Court. Thereafter Cogencis filed a commercial suit before Hon'ble High Court, Mumbai in September,2021. The matter is pending for pre-admission hearing before Bombay High Court. MSE had filed its written statement to the suit. The matter is still pending.

4. In the matter of Company's Subsidiary viz. Metropolitan Clearing Corporation of India Limited ("MCCIL"), SEBI vide its letter dated 18th July, 2022, in response to letters dated 2nd June,2022 and 28th June,2022 submitted by MCCIL, had rejected the submissions of MCCIL and advised them to extend necessary co-operation to the Company in this regard. The Company and the shareholders directors requested MCCIL to place the said letter before the Board and to consider the agenda on merger of MCCIL with the Company. Accordingly, in-principal approval of the Board of MCCIL was granted for the merger of MCCIL into & with the Company. MCCIL Management informed SEBI on 21st September, 2022 about the decision of MCCIL with the Company. SEBI vide its letter dated 23rd September, 2022 had informed MCCIL about the acceptance for surrender of recognition of MCCIL as Clearing Corporation. Accordingly, the recognition of MCCIL as Clearing Corporation stands expired on 2nd October, 2022.
5. Approval of the Board of Directors of the Company was obtained at its Meeting held on 2nd December, 2022 for purchase of 51,99,545 Equity Shares of MCCIL held by Multi Commodity Exchange of India Limited (MCX) & 63 Moons Technologies Ltd. under Section 179 read with Section 186 of the Companies Act, 2013.
6. Approval of the Board of Directors of the Company was obtained at its Meeting held on 2nd March, 2023 for Composite Scheme of Arrangement amongst the Company and MSE Enterprises Ltd. (Formerly known as MCCIL) and their respective shareholders pursuant to Section 230 and 232 read with Section 66 of the Companies Act, 2013.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Metropolitan Stock Exchange of India Limited (“MSE”) is a recognized national level stock exchange in India. MSE offers an electronic platform for trading in Currency Derivatives, Interest Rate Derivatives and Equity Cash & Equity Derivatives segments. The Exchange employs advanced trading technology and IT infrastructure with significant scalable capacity and proven capability of handling high volume trades.

1. INDUSTRY STRUCTURE AND DEVELOPMENTS

The Indian Capital Markets, a dynamic hub for investment and capital allocation, has undergone transformative changes in recent years, and the year 2022 has witnessed significant developments that hold the potential to unlock the ‘Bharat’ story. As the term ‘Bharat’ signifies the vast rural and semi-urban areas of India, the Capital Market’s evolution is crucial in harnessing their economic potential and fostering financial inclusion.

Our collective long-term goal of transforming India into an advanced nation by 2047 during its centennial independence year aligns with the aim of establishing an independent India and positioning the nation as a favoured investment location. In 2022, India’s Gross Domestic Product (GDP) is recorded at USD 3.5 trillion, approximately one-seventh the size of the United States’ economy. India possesses the capacity to attain a USD 40 trillion economy by 2047. Achieving this demands an expedited pace of growth with particular emphasis on constructing infrastructure and augmenting the business environment’s friendliness through productive investment.

The Indian Stock Exchanges are a tool for nation building and a major job creator. The Exchange space spans across many asset classes – Equities, Equity Derivatives, ETFs, REITs, InVITs, Corporate and Government Bonds, Interest Rate Derivatives and Commodity Derivatives etc. The Exchange ecosystem supports various intermediaries’ including stock brokers, authorized persons, corporates, banks, depositories, depository participants, custodians and investors.

Given the escalating call for investment in infrastructure and an excessive dependence on the banking sector to fulfil financial demands, the role of the capital market in generating resources for profitable investment and narrowing the financial disparity is of significance. A well-established and more extensive capital market amplifies economic advancement by funding extended-term investment requisites and also cultivates a sense of accountability among enterprises to deliver results.

Furthermore, it aids in spreading the risk associated with credit and in diminishing the expense of funds by encouraging inventive and economical financial instruments. The optimal blend of equity and debt capital is imperative for businesses to construct a diversified collection. Presently, major corporations dominate the credit and equity markets for capital acquisition. In contrast, small and medium-scale enterprises have traditionally leaned on conventional avenues of financial backing, such as bank loans. This is primarily due to the expensive prerequisites for listing, scarcity of collateral, lack of investor demand, and imbalances in information.

Nonetheless, to achieve inclusive and impartial growth, the accessibility of funds must extend to smaller participants as well.

Despite endeavours made to facilitate resource generation for small and medium enterprises through specialized platforms, there remains a substantial scope for enhancing the engagement of emerging businesses in India’s progress narrative. In the years ahead, robust availability of capital will be pivotal to sustaining the trajectory of elevated growth.

2. GLOBAL ECONOMIC OUTLOOK

The pace of worldwide economic expansion is expected to decrease in the latter part of 2023, with indications of inflation cooling down. Nevertheless, global core inflation is projected to remain elevated, until 2024. The initial six months of 2023 saw a boost in global economic growth, reaching 2.8%. Up to this point, the tightening of monetary policies has been balanced by diminishing supply disruptions caused by the aftermath of the COVID-19 pandemic and Russia’s incursion into Ukraine. However, starting from 2022, global policy rates have climbed by nearly 400 basis points (bps), impacting spending sensitive to interest rates and hindering industrial output. The present momentum won’t suffice to prevent the deceleration of growth as the world economy’s resilience diminishes. An additional phase of tightening in developed economies is widely anticipated before the conclusion of 2023, aiming to rein in inflation. Yet, additional tightening is liable to compromise the well-being of the private sector. A synchronized worldwide economic downturn could be looming, potentially striking prior to the close of 2024.

According to IMF, the outlook is “broadly stable” in emerging market and developing economies for 2023-2024, with growth of 4% expected in 2023 and 4.1% in 2024. But it noted that credit availability is tight and there was a risk that debt distress could spread to a wider group of economies.

In the years just prior to the pandemic, China experienced much higher inflation than in the major Western economies. Then, with COVID-19 restrictions, China transitioned to deflation by the end of 2020. Then, inflation rebounded to a modest level, rising above 2% during much of 2022. Now, however, as Western economies struggle to bring inflation down from 40-year highs, China is suddenly struggling with deflation. This was not meant to be. Rather, when China finally removed all pandemic-related restrictions at the end of 2022, there was an expectation that economic growth would soar while inflation would rise commensurately. Neither happened and instead, the economy has sputtered while inflation decelerated.

A new report from the Federal Reserve Bank of New York indicates that, although household debt in the United States continues to grow, the financial condition of US households remains favourable. That is, household ability to service debts is strong and household balance sheets do not represent a systemic threat to the financial system—unlike in the period 2007–2009. Recently, rating agency Fitch downgraded US government debt. This followed the recent debt-ceiling crisis that ended more quickly than expected. Still, Fitch cited the crisis, saying that “repeated debt limit standoffs and last-minute resolutions” are a concern. It also expressed concern that the insurrection on January 6, 2021 reflected increased political division that could undermine the ability of Congress to act in

the future. In addition, Fitch cited the long-term trajectory of US deficits. Following the Fitch action, bond yields increased, but mostly due to factors unrelated to the Fitch decision, such as news about the resilience of the economy.

The European Union reported that Eurozone real GDP growth resumed in the second quarter following two consecutive quarters with no growth. However, four Eurozone countries had either zero or negative GDP growth in the second quarter. Germany and Portugal had zero growth while Italy and Austria had negative growth. Meanwhile, Latvia and Sweden, both members of the European Union (EU), also had negative growth. Thus, the European economy appears to have remained weak in the second quarter.

In India, weak global demand and the effect of monetary policy tightening to manage inflationary pressures will constrain the economy in FY 2023-24, limiting real GDP growth to 6%. Moderating inflation and monetary policy easing in the second half of 2024 will help discretionary household spending regain momentum. This, along with improved global conditions, will help economic activity to accelerate, with growth of 7% in real GDP in FY 2024-25.

3. DOMESTIC ECONOMIC OUTLOOK

According to the Morgan Stanley Report, India is on track to become the world's third largest economy by 2027, surpassing Japan and Germany, and have the third largest stock market by 2030. India will be one of only three economies in the world that can generate more than \$400 billion annual economic output growth from 2023 onward, and this will rise to more than \$500 billion after 2028. Analysts working across sectors look at how this new era of economic development could bring about staggering changes: boosting India's share of global manufacturing, expanding credit availability, creating new businesses, improving quality of life and spurring a boom in consumer spending.

Unprecedented assistance has been extended by the government to foster the growth of the MSME sector. During the Union Budget FY2023-24, an overhauled Credit guarantee scheme for MSMEs was introduced, infused with Rs 9,000 crore. This renewed scheme is anticipated to reduce credit costs by 1% and enable an additional collateral-free credit guarantee amounting to Rs 2 trillion. Additionally, earlier initiatives like the Special Credit Linked Capital Subsidy Scheme (SCLCSS) for the services sector, SAMBHAV to stimulate entrepreneurship and domestic manufacturing, and Raising and Accelerating MSME Performance (RAMP) to enhance market and credit access, among other measures, have served as catalysts for the growth of MSMEs.

Indian consumers are poised to experience a rise in disposable income. The distribution of income in India could undergo a transformation in the coming decade, potentially leading to a doubling of overall consumption in the country from \$2 trillion in 2022 to \$4.9 trillion by the decade's conclusion. The greatest expansions are anticipated in non-grocery retail segments, encompassing categories such as apparel and accessories, leisure and recreation, and household goods and services, among others. As per a Deloitte report, India achieved a 6.1% growth rate in the quarter of Q1 FY 2023-24, exceeding market

expectations by approximately ~100 basis points. While growth was widespread, sectors like construction and agriculture experienced higher-than-anticipated expansions. The robust growth in manufacturing provided reassurance, as the sector's moderate growth in previous quarters had raised concerns among policymakers.

On the expenditure front, exports exhibited resilience in the face of global challenges, while imports displayed their slowest growth rate since December 2020, primarily due to the easing of crude oil prices, which reduced India's import bills. Private consumption, constituting the largest component of India's final demand, grew modestly by 7.5% in FY2022-23, emerging as the most fragile link in overall growth. The share of private consumption in GDP dwindled in the last quarter and marked the lowest in the past seven quarters, primarily due to weakened rural demand. However, there are indications of change on this front as well.

Urban demand conditions have maintained their resilience, evidenced by the sales of mid- to high-end automobile segments, the volume of UPI transactions, and domestic air passenger traffic statistics. Rural demand, previously lagging, has experienced recent ascent, exemplified by tractor sales, IIP nondurable goods data, and figures from the Mahatma Gandhi National Rural Employment Guarantee Act. Energy also holds pivotal importance for economic advancement, as it impacts education, productivity, communication, commerce, and quality of life. Recent upgrades to transmission and distribution have provided electricity access to all of India's 600,000-plus villages. This could lead to a 60% increase in India's daily energy consumption over the next decade.

The foundation for India evolving into a global hub for major corporations' back-office operations was laid as far back as the 1990s. Outsourcing of services like software development, customer service, and business process outsourcing to India by companies worldwide commenced in the early days of the Internet. However, contemporary dynamics such as tighter global labour markets and the emergence of distributed work models are reinvigorating the concept of India as the world's back office. Additionally, in the forthcoming decade, the number of individuals employed in India for overseas roles is expected to at least double, surpassing 11 million. This is attributed to the surge in global spending on outsourcing, projected to increase from \$180 billion per year to around \$500 billion by 2030.

4. MSE'S OUTLOOK

Our aim is to empower Bharat by transforming the financial to economic systems in the country by creating resilient capital market ecosystems, enabling competition and generating sustainable growth by bridging the gaps and making the markets accessible to those it remained inaccessible. Our ethos centre around forging connections, cultivating opportunities, and consistently delivering outstanding results. Our tenets lie embedded in discipline; integrity and resilience helping individuals realize their full potential. We have set out a vision of attracting liquidity by providing broader and more effective access enabling financial inclusion. We plan to create a competitive and comprehensive one-stop solution for investors

and facilitate further through secure, effective and transparent channels across asset classes. The Exchange continues its belief that innovation is the key growth metrics in this competitive market and going forward, the Exchange will continue to allocate sufficient resources in research and market innovation.

Have we ever wondered what is it for a kid from Kargil to have a typical school experience, an uninterrupted internet connection or an access to loan for higher education? Or have we ever pondered on the difficulties faced by a widowed mother from Jharkhand who spends 80% of her monthly income for the last 8 years on gold ornaments for her teenage daughter's marriage? What does it look like for a senior citizen from Chennai, whose children are settled in the US, to immediately transfer funds to the hospital during his wife's road accident? The answer to all of these lies in a robust financial system with increased education and awareness. The Government continues its attempt in steering growth through infrastructure development, financial inclusion, capital expenditure allocation and job creation. However, to strengthen the pillars of economy, an important enabler would be to spread the financial education and awareness which needs to be done from the grass root levels. Being in a privileged position and leading one of the financial institutions in the country, it is our responsibility to provide support to the Government by developing the next generation of financially aware, digitally independent citizens who can create a balance between individual pursuits and the entire community growth as a whole. Indian markets have evolved in the last two decades.

Our regulators, systems and processes are robust and resilient enough to be considered as one of the best in the world. High schools and colleges do not teach basic financial concepts. Post the pandemic, an influencer-led financial education era has advanced in the country via various social media platforms. However, the pertinent risk lying there is biased information, misinformation and incomplete education – which have often led retail investors to take erratic decisions and eventually, lose more money in the capital markets under pressure situations. Therefore, most people become more averse to investing and assume stock market akin to gambling and at best, stick to traditional modes of investments like fixed deposits, gold, chit funds or real estate. Although household savings has increased by 150% in the last 10 years, household investment in equities as a % of financial savings is still at 5% in India whereas in other emerging markets is much higher between 15% -20%.

Imagine an ambitious high school or a college student understanding the time value of money, the currency markets and the volatility of different currencies as well as certain concepts of hedging. It will enable the student to make an informed choice and better planning for her higher education when she looks for financing options.

The kid from Kargil getting an access to the best loan option from a bank or an edu-fintech startup, the mother from Jharkhand becoming aware of instruments like gold bonds to invest her monies periodically or the senior citizen knowing how to use internet banking or UPI for money transfer – will not only impact their lives, but the people surrounding them as well. These stories are a reminder that financial education and awareness

with robust strategies beyond business will not just change a person's life, but an entire family's future, across the country, for generations to come. The question is how many stories we are willing to rewrite.

MSE aims to transform the socio-economic systems by reaching to the grassroots levels and collaborating, partnering and co-creating with various enablers in the value chain and ecosystem (from institutions to small businesses, from proprietary trading firms to retail investors) to lead that change and help all people gain access to those privileges of right financial education, skillsets, products and accessibility and make it inclusive for all irrespective of gender, sexuality, caste, class and creed.

MSE's value proposition is to develop differentiated offerings various products which shall expand the market, meet the needs of the market participants and address current gaps. The Exchange is just entering the next phase of its evolution i.e. "Accelerate and Scale". For creation of a long-term sustainable moat, we need to focus on providing competitive pricing (affordable for market participants), leverage technology to provide advantages like high latency speed and seamless execution process, asset classes and products suitable for easy market adoption, and ensure quality customer service. Along with those, we intend to build the market products in close cooperation with the market participants. We would further support them with technology benefits and help them build easy-to-adopt user interfaces for potential customers.

Investor Services

MSE in accordance to the SEBI directives has established Investor Services Centers (ISC) at Mumbai, Kolkata, Delhi, Chennai, Ahmedabad, Indore, Kanpur and Hyderabad, providing inter alia facilitating Arbitration Mechanism. Investors may approach these centers for assistance, support or redressal of their grievances against Members and Listed companies of the Exchange.

The Investor Services Centres are full-fledged and well equipped to redress the complaints/grievances of the Investors in an effective and expeditious manner. The complaints of investors received are taken up with the Trading Member or the listed company and the Exchange tries to work out a favorable resolution. However, if the same does not satisfy the aggrieved parties, the complaint is placed before Grievances Redressal Committee (IGRC) for resolution. The Company has formed separate GRCs, for each Investor Service Centre to deal with the cases coming within their respective geographical jurisdiction.

When either the parties feels that the complaint has not been resolved satisfactorily through resolution process of the Exchange, the parties may choose the route of arbitration. Arbitration is a quasi-judicial process of settlement of disputes between Trading Member, Investor, Clearing member, Authorised person etc. Arbitration aims at quicker legal resolution for the disputes.

Investors Protection Measures for the Trading Members of the company:

- Inspection of Members by Exchanges, Depositories and SEBI
- Dedicated page on Exchanges website for the Investors informing

- Rights and obligations before dealing with the Members
- Investor Charter
- Guidance note - Do's and Don'ts for trading i.e. Trading requirements, Transactions and Settlements, Termination of Trading Membership, Disputes and Complaints.
- Timely Redressal of complaints against Member & Listed companies filed in Exchanges
- Trade confirmation alerts/ details of the transactions through SMS or email, by the end of the trading day, from the stock exchanges.
- Investor Protection Fund and Investor Service Fund for the benefit of the clients. The company executes interim relief to the investors of Trading members in case matter is in their favour, as well as settlement of approved defaulter claim if any, from the Investor Protection Fund.

OPPORTUNITIES AND THREATS

Opportunities for the Exchange

The financial sector is an ever-evolving space, with new opportunities and pitfalls. MSE as a Market Infrastructure Institution is committed to providing a diverse product basket with Currency Futures, Currency Options, Interest Rate Futures, Equity and Equity Derivatives, along with efficient operational parameters and customer-oriented service offerings to enable an efficient and robust marketplace. Your Company explores all opportunities to ensure continuous growth.

Risks to the Exchange

(A) Decline in Industry activities

The Exchange performance relies heavily on volume and value of trades executed on its trading platform, the number of companies listed/new listing, the number of active Trading Members etc. Though the Exchange strives and has taken a number of steps in this regard, there are number of factors beyond the control of the Exchange that can have an impact on these attributes. Particularly, adverse macro-economic scenario and political uncertainty may negatively affect the markets and the Exchange business.

(B) Regulatory changes impacting our ability to compete

The competitive landscape of the Exchange business in India continues to be challenging. MSE's ability to compete in this environment and ensure that regulations continue to have level playing field, will be a major factor in ensuring growth of the Exchange.

(C) Cyber Security Threats

Risks of cyber-attacks are forever a threat and are fast-evolving in nature. There is also an increased risk on financial institutions due to various pandemic themed cyber threats. In addition to impact on business operations, a security breach could result in reputational damage, penalties and legal and financial liabilities. Further, the Exchange Industry is so interconnected that third parties and other entities may also get impacted resulting in collateral damage. The threat landscape is constantly evolving—leading to a more complex cyber ecosystem every day. This makes it all the more critical have a proactive Cyber security posture when it comes to cyber security issues. Constant enhancement in the Cyber Security Framework and Information Security Management System has been MSE's top priority. Also, a continuous training to employees and improvement in cybersecurity policies and procedures is undertaken by MSE.

Total volume i.e. traded quantity on MSE platform during the FY 2022-23 in the Capital Market Segment was 2,429,955 shares and the total value traded being Rs 44.48 crore.

Companies Listed on the Exchange:

As on March 31, 2023, the Exchange has admitted 2002 Companies for trading on the Exchange platform. Out of these, 285 Companies were through direct listing and 1717 permitted category. The Exchange has mechanism in place to monitor compliance with respect to applicable regulations in respect of the listed Companies.”

RISKS AND CONCERNS

Business Risk

The performance of the Exchange depends heavily on volume of trades executed on our trading platform, number of new listings and consequent earnings through transaction charges and listing fees.

Adverse economic conditions could negatively affect our business and financial condition. Continuation or reoccurrence of global economic crisis, changes in political situations in India or globally, changes in economic policies could adversely affect our performance. Weak economic conditions of the country may adversely affect listing and trading volumes on the Exchange as Indian companies would be less attractive for foreign and local investors.

MSE operates in a highly competitive industry wherein we compete with a wide range of established market participants for trading volumes and listing. Increased competition may exert a downward pressure on our fees and transaction charges for us to remain competitive which however could adversely affect our financial condition.

Further, MSE renews and applies for its SEBI License every year which if not renewed will impact the business and operations of the Exchange.

We operate in a business environment that experiences significant and rapid technological changes. However, the Exchange is well equipped to handle any unresponsiveness or interruption in trade execution, clearing or settlement due to power or telecommunications failure, natural disasters, fire, sabotage, hardware or software malfunctions or defects, computer viruses/malwares, acts of vandalism or similar events. We have an approved business continuity plan and a data disaster recovery plan in effect, to mitigate business interruptions from the aforesaid risks.

A rapidly spreading infectious disease that causes a pandemic, or exacerbates a pandemic, thereby posing global threat, social and

economic chaos can severely upset our business operations by disrupting operations, trading, settlement and high absenteeism and even fatality of our employees. Although the Exchange is fully prepared for business continuity, meeting all obligations and ensuring safety of our staff, it is possible that our ability to deliver satisfactory services to our customers may be affected.

Other factors beyond our control, that may materially adversely affect our business, financial condition and result of operations include:

- broad trends in business and finance, including industry specific circumstances, capital market trends and the mergers and acquisitions environment.
- social and civil unrest, terrorism and war.
- concerns over inflation and the level of institutional or retail confidence.
- changes in government monetary policy and foreign currency exchange rates.
- the availability of short-term and long-term funding and capital.
- the availability of alternative investment opportunities.
- changes and volatility in the prices of securities.
- changes in tax policy (including transaction tax) and tax treaties between India and other countries.
- the level and volatility of interest rates.
- legislative and regulatory changes, including the potential for regulatory arbitrage among regulated and unregulated markets, if significant policy differences emerge among markets.
- the perceived attractiveness, or lack of attractiveness, of Indian capital markets; and
- unforeseen market closures or other disruptions in trading.

Regulatory and Compliance

We operate in a highly regulated industry and may be subject to fines and penalties or other restrictions, if we fail to comply with our legal and regulatory obligations. Also changes in regulatory policies may also affect participation at our exchange and may adversely affect our volumes.

The management and staff of MSE have risen to the situation and ensured that all segments of the Exchange continued to operate seamlessly and efficiently. The lockdown restrictions have truly tested the robustness of the Business continuity capability of MSE to run its operations in a business as usual mode, with employees working from office and from home. Despite the challenges, the Exchange has not compromised on any of its Regulatory function either in terms of monitoring or surveillance or enforcement or in terms of its service levels.

8. IMPAIRMENT OF SOFTWARE

As per Ind AS 36 regarding Impairment of Assets, an asset is treated to be impaired when it is carried at a value more than its recoverable amount. An asset is carried at more than its recoverable amount if its carrying amount exceeds the amount to be recovered through use or sale of the asset. In such a case, the asset is considered as impaired and Ind AS 36 'Impairment of Assets' requires an entity to recognize an impairment loss.

The Company has carried out impairment testing of intangible assets during the financial year 2022-23 to ascertain the carrying value of predominantly the Exchange software based on current and future expected activity and usage of the software deployed for various segments and accordingly concluded that carrying

value of Intangible assets is not more than recoverable amount and no provision towards impairment of Intangible assets for the year ended March 31, 2023 is required.

9. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Exchange has implemented effective system controls to ensure that all its Technology assets, interests and information are safeguarded with proper checks and balances. The Exchange has appointed internal and external auditors for process and systems audit to ensure that the financial transactions, operational mechanism and technology infrastructure are error free. The Audit Committee is in overall supervision of the internal controls and reports are submitted to the Board in a periodic manner.

CORPORATE GOVERNANCE REPORT

Metropolitan Stock Exchange of India Limited (MSE) is a public limited company, the securities of which are not listed on any stock exchanges of India. The Corporate Governance report for Financial Year ("FY") 2022-23, which forms part of the Boards' Report, is prepared pursuant to Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations").

1. Company's Philosophy on Code of Governance

Our aim is to empower Bharat by transforming the financial to economic systems in the country by creating resilient capital market ecosystems, enabling competition and generating sustainable growth by bridging the gaps and making the markets accessible to those it remained inaccessible. Our ethos centre around forging connections, cultivating opportunities, and consistently delivering outstanding results. Our tenets lie embedded in discipline; integrity and resilience helping individuals realize their full potential. We have set out a vision of attracting liquidity by providing broader and more effective access enabling financial inclusion. We plan to create a competitive and comprehensive one-stop solution for investors and facilitate further through secure, effective and transparent channels across asset classes. The Exchange continues its belief that innovation is the key growth metrics in this competitive market and going forward, the Exchange will continue to allocate sufficient resources in research and market innovation.

Have we ever wondered what is it for a kid from Kargil to have a typical school experience, an uninterrupted internet connection or an access to loan for higher education? Or have we ever pondered on the difficulties faced by a widowed mother from Jharkhand who spends 80% of her monthly income for the last 8 years on gold ornaments for her teenage daughter's marriage? What does it look like for a senior citizen from Chennai, whose children are settled in the US, to immediately transfer funds to the hospital during his wife's road accident? The answer to all of these lies in a robust financial system with increased education and awareness. The Government continues its attempt in steering growth through infrastructure development, financial inclusion, capital expenditure allocation and job creation. However, to strengthen the pillars of economy, an important enabler would be to spread the financial education and awareness which needs to be done from the grass root levels. Being in a privileged position and leading one of the financial institutions in the country, it is our responsibility to provide support to the Government by developing the next generation of financially aware, digitally independent citizens who can create a balance between individual pursuits and the entire community growth as a whole. Indian markets have evolved in the last two decades.

Our regulators, systems and processes are robust and resilient enough to be considered as one of the best in the world. High schools and colleges do not teach basic financial concepts. Post the pandemic, an influencer-led financial education era has advanced in the country via various social media platforms. However, the pertinent risk lying there is biased information, misinformation and incomplete education – which have often led retail investors to take erratic decisions and eventually, lose more money in the capital markets under pressure situations. Therefore, most people become more averse to investing and assume stock market akin to gambling and at best, stick to traditional modes of investments like fixed deposits, gold, chit funds or real estate. Although household savings has increased by 150% in the last 10 years, household investment in equities as a % of financial savings is still at 5% in India whereas in other emerging markets is much higher between 15% -20%.

Imagine an ambitious high school or a college student understanding the time value of money, the currency markets and the volatility of different currencies as well as certain concepts of hedging. It will enable the student to make an informed choice and better planning for her higher education when she looks for financing options.

The kid from Kargil getting an access to the best loan option from a bank or an edu-fintech startup, the mother from Jharkhand becoming aware of instruments like gold bonds to invest her monies periodically or the senior citizen knowing how to use internet banking or UPI for money transfer – will not only impact their lives, but the people surrounding them as well. These stories are a reminder that financial education and awareness with robust strategies beyond business will not just change a person's life, but an entire family's future, across the country, for generations to come. The question is how many stories we are willing to rewrite.

MSE aims to transform the socio-economic systems by reaching to the grassroots levels and collaborating, partnering and co-creating with various enablers in the value chain and ecosystem (from institutions to small businesses, from proprietary trading firms to retail investors) to lead that change and help all people gain access to those privileges of right financial education, skillsets, products and accessibility and make it inclusive for all irrespective of gender, sexuality, caste, class and creed.

MSE's value proposition is to develop differentiated offerings various products which shall expand the market, meet the needs of the market participants and address current gaps. The Exchange is just entering the next phase of its evolution i.e. "Accelerate and Scale". For creation of a long-term sustainable moat, we need to focus on providing competitive pricing (affordable for market participants), leverage technology to provide advantages like high latency speed and seamless execution process, asset classes and products suitable for easy market adoption, and ensure quality customer service. Along with those, we intend to build the market products in close cooperation with the market participants. We would further support them with technology benefits and help them build easy-to-adopt user interfaces for potential customers.

Standalone Financial Statement

Independent Auditor's Report

To the Members of Metropolitan Stock Exchange of India Limited Report on the Audit of the Standalone Financial Statements

1. Opinion

We have audited the accompanying Standalone Financial Statements of **Metropolitan Stock Exchange of India Limited** ("the Company"), which comprise the Standalone Balance Sheet as at March 31, 2023, and the Standalone Statement of Profit and Loss (including other comprehensive income), Standalone Statement of Changes in Equity and Standalone Statement of Cash Flows for the year then ended, and notes to the Standalone financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standard prescribed under section 133 of the Act read with the Companies (Indian Accounting Standard) Rules, 2015, as amended ("Ind AS"), and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023 and loss (including other comprehensive income), cash flows and its changes in equity for the year ended on that date.

2. Basis for Opinion

We conducted our audit of Standalone Financial Statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion.

3. Emphasis of Matter

- a. We draw attention to Note 36 of the Standalone Financial Statements, with regard to proposed Merger of MSE Enterprises Limited (MEL) (formerly known as Metropolitan Clearing Corporation of India Limited), with Company wherein it states that Board of Company and MEL accorded their in-principle approval for the Merger. Pursuant to the application made by MEL to SEBI to surrender the license/recognition, MEL has been derecognized to operate as Clearing Corporation w.e.f. October 3, 2022.
- b. We draw attention to Note 38 of the Standalone Financial Statements with regard to preparation of standalone financial on Going Concern Basis which states that "The Exchange has prepared its Financial Statements on Going Concern Basis, the Exchange has incurred losses of Rs. 1,978 Lakh during the year ended March 31, 2023 (March 31, 2022: Rs. 2,329 Lakh) and the net worth of the Exchange as per Stock Exchange and Clearing Corporation Regulation 2018 (SECC) norms amounts to Rs. 12,351 Lakh as on March 31, 2023 (March 31, 2022: Rs. 14,117 Lakh). The Exchange has already filed application with NCLT during current year for merger of MSE Enterprises Limited (MEL), subsidiary (formerly known as Metropolitan Clearing Corporation of India Limited) with the Exchange which shall further augment the net worth significantly as per SECC norms. The Exchange is in compliance of all regulatory requirements including interoperability, T+1 settlement cycle, etc. The Exchange has not defaulted in payment of any of its creditors, statutory/regulatory liability and to employees and has sufficient funds to discharge all its liabilities. The Exchange has been able to increase its business volumes in the Currency Derivatives segment regularly and achieved its highest daily volume of last eight years during current year. The Exchange is also in the process of enabling various initiatives, rationalization measures, brand building and technological upgradation which shall help in Business and Product Expansion along with focus on bringing down overall cost of operations. This shall ensure further significant reduction in losses and the Exchange is confident of making profits shortly. The Exchange is also expecting the resolution of pending legal matters in its favour considering the current status which shall result in significant benefits to the Exchange. The Exchange accordingly continues to prepare its Standalone Financial Statements on going concern basis.

Our opinion is not modified in respect of these matters.

4. Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements of the current year. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Identification of Onerous Contract

As per Ind AS 37 "Provision, contingent liabilities and contingent assets", an onerous contract is a contract in which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received under it. The Company has an unavoidable long-term contract with one of the service providers which constitutes approx. 46% of the Operating Expenses (refer note 29) for the year ended March 31, 2023.

Auditor's Response: Our procedure in relation to identification of onerous contract included, review of material contract with service providers, assessing the related cost and economic benefits expected to be received/are received and critically assessing the management's estimates with regard to plan for utilization of such costs. Based on above audit procedures the said contract has not been treated as onerous contract as on March 31, 2023.

5. Information Other than the Standalone Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the Standalone Financial Statements and our auditor's report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon. The other information is expected to be made available to us after the date of this auditor's report.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate that matter to those charged with governance.

6. Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with, accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

7. Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management and Board of Directors.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

8. Other Matter

The forensic audit of the Company, with respect to the whistle blower complaints, as advised by Securities Exchange and Board of India (SEBI) has been completed and the report has been submitted to SEBI. The matter is pending.

Our opinion is not modified in respect of these matters.

9. Report on Other Legal and Regulatory Requirements

- a. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- b. As required by Section 143(3) of the Act, we report that:
 - i. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - ii. In our opinion, proper books of account as required by law have been kept by the Company in electronic modes so far as it appears from our examination of those books.
 - iii. The Standalone Balance Sheet, the Standalone Statement of Profit and Loss (including Other Comprehensive income), the Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
 - iv. In our opinion, the aforesaid Standalone Financial Statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with the Companies (Ind As) Rules, 2015, as amended.
 - v. On the basis of the written representations received from the directors as on March 31, 2023, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2023, from being appointed as a director in terms of Section 164 (2) of the Act.
 - vi. With respect to the adequacy of the internal financial controls with reference to Standalone Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B".
 - vii. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, (as amended) in our opinion and to the best of our information and according to the explanations given to us:
 - a. The Company has disclosed the impact of pending litigations as on March 31, 2023 on its financial position in its Standalone Financial Statements – Refer Note 34 to the Standalone Financial Statements.
 - b. The Company has entered into various contracts including long term contracts with a Company towards software license and maintenance agreements etc. The continuance of these contracts shall depend on the future running of the business including raising required resources for the same. Hence, the chances of termination of these contracts and the impact of the same on the Standalone Financial Statements including penalty and charges if any cannot be commented upon.
 - c. There were no amounts which were required to be transferred to the investor's education and protection fund by the Company during the year ended March 31, 2023.
 - d. (i) Management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries (Refer Note 53 to the Standalone Financial Statements);
 - (ii) Management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries (Refer Note 53 to the Standalone Financial Statements); and

- (iii) Based on audit procedures that we have considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
 - e. During the year the Company has neither declared nor paid any dividend, as such compliance of section 123 of the Act is not applicable.
 - f. As proviso to rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable for the Company only w.e.f. 1st April, 2023, reporting in respect of mandatory use of accounting software with requisite audit trail facility is not applicable.
- c. With respect to the matter to be included in the Auditor's Report under section 197 (16) of the Act, as amended, In our opinion and to the best of our information and according to the explanations give to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of section 197 of the Act.

Annexure A to the Independent Auditors' Report of even date to the members of the Metropolitan Stock Exchange of India Limited ("the Company") on the Standalone Financial Statements for the year ended March 31, 2023

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that;

(i) Property, Plant and Equipment

- a) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment and relevant details of right-of use assets.
 - b. The Company has maintained proper records showing full particulars of intangible assets.
- b) The Company has a regular programme of physical verification to cover Property, Plant and Equipment except the routers equipment which are at member's location. Management is of the view that it is not possible to verify these assets due to their nature and location. In our opinion, the periodicity of the physical verification is reasonable having regard to the size of the Company and the nature of its assets. For the assets where physical verification exercise was completed in the current year, no material discrepancies were noticed on such verification for material items.
- c) There are no immovable assets held by the Company. Accordingly, reporting under paragraph 3(i)(c) of the Order is not applicable to the Company.
- d) The Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.
- e) As disclosed by the management in note no. 54, no proceedings have been initiated during the year or are pending against the Company as at March 31, 2023, for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988), as amended, and rules made thereunder.

- a) The nature of business of the Company does not require to have any physical inventory. Accordingly, reporting under paragraph 3(ii)(a) of the Order is not applicable to the Company.
- b) The Company has not been sanctioned working capital limits in excess of rupees five crores in aggregate from banks or financial institutions during any point of time of the year on the basis of security of current assets. Accordingly, reporting under paragraph 3(ii)(b) of the Order is not applicable to the Company.

(iii) Loans, Investments, Guarantees, Securities and Advances in nature of Loan

During the year, the Company has not made investments in, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, reporting under paragraph 3(iii)(a) to 3(iii)(f) of the Order are not applicable to the Company.

(iv) Compliance of Sec. 185 & 186

In our opinion, and according to the information and explanations given to us, the Company has not given loans or guarantees to directors or other persons in which a director is interested or provide security in connection with a loan and as such section 185 of the Companies Act is not applicable.

The Company has made investments in securities of its subsidiaries, which is in compliance with the provisions of Section 186 of the Companies Act, 2013.

(v) Public Deposits

The Company has not accepted any deposits or amounts which are deemed to be deposits from the public to which the directives issued by the Reserve Bank of India and the provisions of section 73 to 76 or any other relevant provisions of the Act and the Rules framed there under apply. Accordingly, reporting under paragraph 3(v) of the Order is not applicable to the Company.

(vi) Cost Records

The Central Government has not prescribed the maintenance of cost records under sub section (1) of section 148 of the Act. Accordingly, reporting under paragraph 3(vi) of the Order is not applicable to the Company.

(vii) Statutory Dues

- a) Undisputed statutory dues including employees' state insurance, income-tax, goods and service tax, cess have been regularly deposited by the Company with the appropriate authorities in all cases during the year, except Provident Fund. In respect of Provident Fund, during the year, the Company is irregular in depositing the sum, due for 6 to 10 months and the amount involved is Rs. 1.72 lakhs.

- b) Details of statutory dues referred to in sub-clause (a) above which have not been deposited as on March 31, 2023, on account of disputes are given below:

Name of the statute	Nature of dues	Amount (Rs.)	Period to which the amount relates	Forum where the dispute is pending
Income Tax Act, 1961	Demand under section 156	921.38 (excl. interest)	AY 2012 – 13	CIT Appeal

(Refer Note 34 of the Standalone Financial Statements)

- (viii) As disclosed by management in note 54 of the Standalone Financial Statements, there were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).

(ix) Application & Repayment of Loans & Borrowings

- The Company has not availed any loan or other borrowings from any lender, during the year. Accordingly, reporting under paragraph 3(ix)(a) of the Order is not applicable to the Company.
- as disclosed by management in note 54 of the Standalone Financial Statements, the Company has not been declared as wilful defaulter by any bank or financial institution or other lender;
- no term loan has been availed by the Company during the year, accordingly, reporting under paragraph 3(ix) (c) of the Order is not applicable to the Company.
- The Company has not borrowed funds as on March 31, 2023, Accordingly, reporting under paragraph 3(ix) (d) of the Order is not applicable to the Company.
- on an overall examination of the financial statements, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries. Accordingly, reporting under paragraph 3(ix)(e) of the Order is not applicable to the Company.
- on an overall examination of the financial statements, the Company has not raised loans during the year on the pledge of securities held in its subsidiaries. Accordingly, reporting under paragraph 3(ix)(f) of the Order is not applicable to the Company.

(x) Application of funds raised through Public Offer

- The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year, accordingly, reporting under paragraph 3(x)(a) of the Order is not applicable to the Company.
- The Company has not made any preferential allotment or private placement of shares / fully or partially or optionally convertible debentures during the year and accordingly, reporting under paragraph 3(x)(b) of the Order is not applicable to the Company.

(xi) Fraud

- No fraud by the Company or any fraud on the Company has been noticed or reported during the course of our audit nor have we been informed of any such case by the management.
- No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
- As represented to us by the Management, there were no whistle blower complaints received by the Company during the year;

- (xii) The Company is not a Nidhi Company and accordingly, reporting under paragraph 3(xii) of the Order is not applicable to the Company.

- (xiii) In our opinion, the Company is in compliance with section 177 and 188 of the Companies Act, 2013 with respect to all applicable transactions with the related parties and the details of related party transactions have been disclosed in the Standalone Financial Statements as required by the applicable accounting standards.

(xiv) Internal Audit

- In our opinion, the Company has an internal audit system commensurate with the size and nature of its business.
- We have considered the reports of the internal auditors issued to the Company for the period under audit.

- (xv) During the year the Company has not entered into any non-cash transactions with its Directors or persons connected with its directors. Accordingly, reporting under paragraph 3(xv) of the Order is not applicable to the Company.

(xvi) Registration u/s 45-IA of RBI Act

- The provisions of section 45-IA of the Reserve Bank of India Act, 1934 (2 of 1934) are not applicable to the Company. Accordingly, reporting under paragraph 3(xvi)(a) of the Order is not applicable to the Company.
- The Company is not engaged in any Non-Banking Financial or Housing Finance activities. Accordingly, reporting under paragraph 3(xvi) (b) of the Order is not applicable to the Company.
- The Company is not a core investment Company and accordingly, reporting under paragraph 3(xvi)(c) of the Order is not applicable to

the Company.

- d) As represented to us, the Group does not have any core investment Company as part of the Group and accordingly, reporting under paragraph 3(xvi)(d) of the Order is not applicable to the Company.
- (xvii) The Company has incurred cash losses during the current financial year and the immediately preceding financial year, amounting to Rs. 965 lakhs and Rs. 1,595 lakhs respectively.
- (xviii) There has been no resignation of the statutory auditors of the Company during the year and accordingly, reporting under paragraph 3(xviii) of the Order is not applicable to the Company.
- (xix) According to the information and explanations given to us, and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the Standalone Financial Statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (xx) As disclosed by management in note 52 of the Standalone Financial Statements and as verified by us, The Company was not required to spend any amount towards CSR as per Section 135 of the Companies Act, 2013, accordingly, reporting under paragraph 3(xx) of the Order is not applicable to the Company.

Annexure B to the Independent Auditor's Report of even date to the members of the Metropolitan Stock Exchange of India Limited ('the Company') on the Standalone Financial Statements for the year ended March 31, 2023

Report on the Internal Financial Controls with reference to Standalone Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

Opinion

1. We have audited the internal financial controls with reference to Standalone Financial Statements of Metropolitan Stock Exchange of India Limited ("the Company") as of March 31, 2023, in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to Standalone Financial Statements and such internal financial controls with reference to Standalone Financial Statements were operating effectively as at March 31, 2023, based on, the internal control with reference to Standalone Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India ('ICAI')

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on, the internal control with reference to Standalone Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to Standalone Financial Statements based on our audit.

We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to Standalone Financial Statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Standalone Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to Standalone Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Standalone Financial Statements included obtaining an understanding of internal financial controls with reference to Standalone Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to Standalone Financial Statements.

Meaning of Internal Financial Controls with reference to Standalone Financial Statements

4. A Company's internal financial control with reference to Standalone Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to Standalone Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the Standalone Financial Statements.

Inherent Limitations of Internal Financial Controls with reference to Standalone Financial Statements

5. Because of the inherent limitations of internal financial controls with reference to Standalone Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Standalone Financial Statements to future periods are subject to the risk that the internal financial control with reference to Standalone Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

SIGNIFICANT ACCOUNTING POLICIES FORMING PART OF THE STANDALONE FINANCIAL STATEMENT FOR THE YEAR ENDED MARCH 31, 2023

1 Corporate Information

The Company was incorporated on August 14, 2008 and recognized as a stock exchange by Securities and Exchange Board of India (SEBI) under section 4 of the Securities Contracts (Regulation) Act, 1956 with effect from September 16, 2008. The Exchange was notified a “Recognised Stock Exchange” under Section 2(39) of the Companies Act, 1956 by Ministry of Corporate Affairs, Govt. of India, on December 21, 2012. The Company provides platform for trading in Currency Derivatives, Debt Segment, Interest Rate Futures, Equity Cash and F& O segment.

SEBI letter No. SEBI/LAD-NRO/GN/2022/96 dated September 14, 2022 renewed the recognition granted to the Stock Exchange for a period of one year commencing on the 16th day of September 2022 and ending on 15th day of September 2023.

The Standalone Financial Statements were authorized for issue by the Company’s Board of Directors on May 30, 2023.

2 Significant Accounting Policies

This note provides a list of the significant accounting policies adopted in the preparation of these standalone financial statements (“financial statements”). These policies have been consistently applied to all the years presented, unless otherwise stated.

2.1 Basis of preparation of financial statements

The standalone financial statements have been prepared and presented under the historical-cost convention on accrual basis, except as disclosed in the accounting policies below. The company has prepared these financials to comply in all material respect with the Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013, as amended, relevant provisions of the Companies Act 2013, various regulatory guidelines to the extent relevant and applicable to the Company and in accordance with the generally accepted accounting principles in India. The accounting policies adopted in the preparation of the financial statements are consistent.

The financial statements have been prepared on a historical cost basis, except for the following:

- certain financial assets and liabilities that is measured at fair value, and
- defined benefit plans - plan assets measured at fair value.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability which market participants would take into account when pricing the asset or liability at the measurement date.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability.

2.2 Operating Cycle

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- § Expected to be realised or intended to be sold or consumed in normal operating cycle
- § Expected to be realised within twelve months after the reporting period, or
- § Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- § It is expected to be settled in normal operating cycle
- § It is due to be settled within twelve months after the reporting period, or
- § There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

2.3 Foreign currency translation and transactions

i) Functional and presentation currency

Items included in the Financial Statements of the Company are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The Financial Statements are presented in Indian Rupees (INR), which is the Company's functional and presentation currency. All financial information presented in Indian rupees has been rounded to the nearest lakh except share and per share data in terms of schedule III unless otherwise stated.

ii) Transactions and Balances

Foreign currency transactions are translated into the functional currency using the exchange rate prevailing at the date of the transaction.

Monetary items denominated in foreign currencies at the year-end are restated at year end rates. Non-monetary foreign currency items are carried at cost.

Foreign exchange gains and losses resulting from the settlement of transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognized in the Statement of Profit & Loss of the year.

2.4 Revenue recognition

Revenue is recognised in the Statement of Profit and Loss through following steps:

- i) identification of the contract or contracts with the customers
- ii) identification of the performance obligations in the contracts,
- iii) determination of the transaction price
- iv) allocation of the transaction price to the performance obligations in the contract
- v) recognition of revenue when company satisfy a performance obligation.

Revenue mainly comprises :

Transaction fees are charged to members at the applicable rates based on the volume of transactions entered into by the members through the exchange. These are accrued when orders placed by members on the exchange are matched and confirmed.

Membership Admission fees collected from new members for joining the exchange are recognized when received and membership approved by SEBI.

Processing and other fees collected from members are recognized for which services are performed.

Connectivity Income are apportioned over the period of connectivity on a pro rata basis from the date of activation of connectivity.

Income from Annual Listing Fees is recognized on time proportion basis.

Revenue from Shared Service recognised based on the time proportion basis.

Income from operating lease for asset usage recognised based on the time proportion basis.

Revenue from data feed charges based on the time proportion basis.

Interest income is recognized on time proportion basis into account the amount outstanding and the rates applicable. For all other financial assets measured at amortised cost interest income is recorded using the Effective Interest Rate (EIR).

Dividend income is recognized when the company's right to receive dividend is established.

The disclosure of significant accounting reporting requirements relating to revenue from contracts with customers are provided in Note 51.

2.5 Income Taxes

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses, if any. Income tax expense is recognised in the Statement of Profit or Loss except to the extent it relates to items directly recognised in equity or in other comprehensive income.

Current income tax for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities based on the taxable income for the period. The tax rates and tax laws used to compute the current tax amount are those that are enacted at the reporting date and applicable for the period. The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognised amounts and where it intends either to settle on a net basis or to realize the asset and liability simultaneously. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax is recognised using the balance sheet approach on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities and assets are recognized for all taxable temporary differences.

Deferred tax assets and liabilities are measured at the tax rates that are to be apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax assets are recognised only to the extent that there is a probable that taxable profit will be available against which the deductible temporary differences, and carry forward of unused tax credits and the carry forward of unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Deferred tax assets are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries, where it is not probable that the differences will reverse in the foreseeable future and taxable profit will not be available against which the temporary difference can be utilised.

2.6 Operating Lease

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to statement of profit or loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

2.7 Property, plant and equipment

Property, plant and equipment are measured at cost of acquisition net of recoverable taxes less accumulated depreciation and impairment loss, if any. Cost includes expenses that is directly attributable to acquisition of the assets.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to statement of profit or loss during the reporting period in which they are incurred.

Amounts paid towards the acquisition of property, plant and equipment outstanding as of each reporting date and the cost of property, plant and equipment not ready for their intended use before such date are shown as Capital Work in Progress.

Depreciation on property, plant and equipment is provided on straight line method over the useful lives as specified in Part 'C' of Schedule III to the Companies Act, 2013, which is also estimated as useful lives by the management. The same is as given below:-

Sr. No	Classification of an asset	Useful life
1	Furniture and fixtures	10
2	Office Equipment's	5
3	Vehicles	5-8
4	Computer Hardware	
	(i) Computer Servers	6
	(ii) Networking Equipment's	6
	(iii) Desktop/Laptop etc.	3

Leasehold improvements are depreciated over the period of lease or at their estimated useful life, whichever is lower.

The Company provides pro-rata depreciation from the day the asset is ready to use and for any asset sold, till the date of sale.

Depreciation methods, useful lives and residual values are reviewed at each reporting date. With the effect of any changes in estimate accounted for on a prospective basis.

Intangible assets and Amortization

Intangible assets are recognized only if it is probable that the future economic benefits that are attributable to the assets will flow to the enterprise and the cost of the assets can be measured reliably. Expenditure on an intangible item is expensed when incurred unless it forms part of the cost of intangible asset that meets the recognition criteria. Intangible assets are stated at cost of acquisition net of recoverable taxes less accumulated amortization and impairment loss, if any.

Intangible assets comprising of software purchased and licensing cost are amortized on straight line basis over the useful life of the software up to a maximum period of 10 years.

Intangible assets under development

Intangible Assets under development comprises outstanding advances paid to acquire intangible assets and the cost of intangible assets that are not yet ready for its intended use.

2.8 Impairment of non-financial assets

Non-financial assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are

largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

2.9 Provisions, contingent liabilities and contingent assets

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Provisions for onerous contracts are recognised when the expected benefits to be derived by the Company from a contract are lower than the unavoidable costs of meeting the future obligations under the contract. Provisions for onerous contracts are measured at the lower of the present value of expected net cost of fulfilling the contract and the present value of expected cost of terminating the contract.

Provision are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that the outflow of resources would be required to settle the obligation, the provision is reversed.

Contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases, where there is a liability that cannot be recognised because it cannot be measured reliably, is not recognised in the books of accounts but its existence is disclosed in the Financial Statements. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets are not recognized but disclosed in the financial statements when economic inflow is probable.

2.10 Fair Value Measurement

The Company measures financial instruments at fair value in accordance with accounting policies at each reporting date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Company

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- **Level 1** – Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- **Level 2** – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- **Level 3** – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the balance sheet on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

2.11 Financial instrument

Financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(a) Financial Assets:

Initial recognition and measurement:

The Company measures its financial assets at fair value. In this context, quoted investments are fair valued adopting the techniques defined in Level 1 of fair value hierarchy of Ind-AS 113 “Fair Value Measurement” and unquoted investments, where the observable input is not readily available, are fair valued adopting the techniques defined in Level 3 of fair value hierarchy of Ind-AS 113 and securing the valuation report from the certified valuer. However, trade receivables that do not contain a significant financing component are measured at transaction price.

Subsequent measurement:

For subsequent measurement, the Company classifies a financial asset in accordance with the below criteria:

- i. The Company’s business model for managing the financial asset and
- ii. The contractual cash flow characteristics of the financial asset.

Based on the above criteria, the Company classifies its financial assets into the following categories:

- i. Financial assets measured at amortized cost
- ii. Financial assets measured at fair value through other comprehensive income (FVTOCI)
- iii. Financial assets measured at fair value through profit or loss (FVTPL)

i. Financial assets measured at amortized cost:

A financial asset is measured at the amortized cost if both the following conditions are met:

- (a) The Company's business model objective for managing the financial asset is to hold financial assets in order to collect contractual cash flows, and
- (b) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

This category applies to cash and bank balances, trade receivables, loans and other financial assets of the Company. Such financial assets are subsequently measured at amortized cost using the effective interest method. Under the effective interest method, the future cash receipts are exactly discounted to the initial recognition value using the effective interest rate. The cumulative amortization using the effective interest method of the difference between the initial recognition amount and the maturity amount is added to the initial recognition value (net of principal repayments, if any) of the financial asset over the relevant period of the financial asset to arrive at the amortized cost at each reporting date. The corresponding effect of the amortization under effective interest method is recognized as interest income over the relevant period of the financial asset. The same is included under other income in the Statement of Profit and Loss.

The amortized cost of a financial asset is also adjusted for loss allowance, if any.

ii. **Financial assets measured at FVTOCI:**

A financial asset is measured at FVTOCI if both of the following conditions are met:

- (a) The Company's business model objective for managing the financial asset is achieved both by collecting contractual cash flows and selling the financial assets, and
- (b) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

This category applies to Investments in Equity and Convertible Warrants. Such financial assets are subsequently measured at fair value at each reporting date. Fair value changes are recognized in the Other Comprehensive Income (OCI). These equity instruments are neither held for trading nor are contingent consideration recognized under a business combination. Pursuant to such irrevocable election, subsequent changes in the fair value of such equity instruments are recognized in OCI.

However, the Company recognizes dividend income from such instruments in the Statement of Profit and Loss.

On De-recognition of such financial assets, cumulative gain or loss previously recognized in OCI is not reclassified from the equity to Statement of Profit and Loss.

However, the Company may transfer such cumulative gain or loss into retained earnings within equity.

iii. **Financial assets measured at FVTPL:**

A financial asset is measured at FVTPL unless it is measured at amortized cost or at FVTOCI as explained above. This is a residual category applied to all other investments of the Company. Such financial assets are subsequently measured at fair value at each reporting date. Fair value changes are recognized in the Statement of Profit and Loss.

Equity Investments (in subsidiaries, associates and joint venture)

Investments in subsidiaries, associates and joint venture are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiaries, associates and joint venture, the difference between net disposal proceeds and the carrying amounts are recognized in the statement of profit and loss.

De-recognition

Financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement and either;
 - (a) The Company has transferred substantially all the risks and rewards of the asset, or
 - (b) The Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognize the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

On De-recognition of a financial asset, (except as mentioned in (ii) above for financial assets measured at FVTOCI), the difference between the carrying amount and the consideration received is recognized in the Statement of Profit and Loss.

Impairment of financial assets

The Company assesses impairment based on expected credit losses (ECL) model to the following:

- Financial assets measured at amortized cost
- Financial assets measured at fair value through other comprehensive income (FVTOCI)
- Financial assets measure at fair value through profit and loss (FVTPL)

Expected credit losses are measured through a loss allowance at an amount equal to:

- The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

For recognition of impairment loss on other financial assets and risk exposure, the company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-months ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the Company reverts to recognizing impairment loss allowance based on 12-months ECL.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

(b) Financial Liabilities:

Initial recognition and measurement

The Company recognizes a financial liability in its Balance Sheet when it becomes party to the contractual provisions of the instrument. Financial liabilities are initially measured at Fair value.

Subsequent measurement

All non-current financial liabilities of the Company are subsequently measured at amortized cost using the effective interest method. Under the effective interest method, the future cash payments are exactly discounted to the initial recognition value using the effective interest rate. The cumulative amortization using the effective interest method of the difference between the initial recognition amount and the maturity amount is added to the initial recognition value (net of principal repayments, if any) of the financial liability over the relevant period of the financial liability to arrive at the amortized cost at each reporting date. The corresponding effect of the amortization under effective interest method is recognized as interest expense over the relevant period of the financial liability. The same is included under finance cost in the Statement of Profit and Loss.

De-recognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires.

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

Offsetting of financial instruments Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

2.12 Employee benefits

Short Term Obligation

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period at the undiscounted in the Statement of Profit & Loss and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

Other Long-Term employees benefit obligations

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in statement of profit and loss. The liability for earned leave is also classified as current where it is expected to be availed/ encashed during the next 12 months. The remaining portion is classified as non-current. The amounts of current and non-current liability are based on actuarial estimates.

Post-employment obligations

Post-employment benefits are classified as either defined contribution plans or defined benefit plans. Under a defined contribution plan, the Company's only obligation is to pay a fixed amount with no obligation to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits. The related actuarial and investment risks fall on the employee. The expenditure for defined contribution plans is recognised as expense during the period when the employee provides service. Under a defined benefit

plan, it is the Company's obligation to provide agreed benefits to the employees. The related actuarial and investment risks fall on the Company.

The Company operates following post-employment schemes:

- (a) defined benefit plans such as gratuity
- (b) defined contribution plans such as provident fund

Defined Benefit Plans - Gratuity Obligation

The Company has maintained a Gratuity Scheme with the MSEI Employees Group Gratuity Assurance Scheme ("Trust"). Trustees administer contributions made to the Trusts and contribution are invested in insurance company in the form of qualifying insurance policy. Company is contributing a sum determined by insurance company annually. The liability or asset recognized in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by independent actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in profit or loss as past service cost.

Defined Contribution Plans - Provident Fund

The Company pays provident fund contributions to publicly administered provident funds as per local regulations. The company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognized as employee benefit expense when they are due. Prepaid contributions are recognized as an asset to the extent that a cash refund or a reduction in the future payments is available.

2.13 Earnings per share

The Company reports basic and diluted earnings per share in accordance with Ind AS 33 on Earnings per share. The basic earnings per share is computed by dividing the net profit attributable to the equity shareholders by weighted average number of equity shares outstanding during the reporting year.

The number of equity shares used in computing diluted earnings per share comprises the weighted average number of shares considered for deriving basic earnings per share and also weighted average number of equity shares which would have been issued on the conversion of all dilutive potential shares. In computing diluted earnings per share only potential equity shares that are dilutive are included.

2.14 Cash & Cash Equivalents

Cash and cash equivalent in the balance sheet comprises cash on hand and at bank and demand deposits with banks with an original maturity of three months or less from the date of acquisition, highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the company's cash management.

2.15 Key Accounting Estimates and Judgment

As per Ind AS the accounting policy should also disclose the significant estimates and critical judgment used in preparation of financial statement. The same can be done based on following lines:

The preparation of the Company's financial statements requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Critical accounting estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below:

Income taxes

The Company's tax jurisdiction is India. Significant judgments are involved in estimating budgeted profits for the purpose of paying advance tax, determining the provision for income taxes, including amount expected to be paid / recovered for uncertain tax positions.

Minimum Alternate Tax

Minimum Alternate Tax ("MAT") paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment

to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an deferred tax asset in the Balance Sheet when it is highly probable that future economic benefit associated with it will flow to the Company. The management estimate the Company to pay normal tax and benefit associated with MAT will flow to the Company within permissible time limit under Income Tax Act, 1961 to the extent MAT asset recognised.

Property, Plant and Equipment

Property, Plant and Equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Company's assets are determined by the management at the time the asset is acquired and reviewed at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technical or commercial obsolescence arising from changes or improvements in production or from a change in market demand of the product or service output of the asset.

Defined benefit plans

The cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and attrition rate. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the Balance Sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques which involve various judgments and assumptions.

Impairment of financial assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

Impairment of Non-financial assets

The impairment provisions for Non-financial assets are based on assumptions about recoverability. The company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

Going Concern Assumption

Going concern assumption has been applied on the basis that the company will be able to continue its operation in the foreseeable future, and without there being any intention or necessity for it to either liquidate or curtail materially its scale of business operations.

2.16 Leases

The Company's lease asset primarily consists of leases for buildings. The Company assesses whether a contract contains a lease, at the inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in the exchange for a consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from the use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low-value leases. For these short-term and low-value leases, the Company recognizes the lease payments as an operating expense.

The right-of-use assets initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right of use assets is depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets is evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment of whether it exercises an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet, and lease payments have been classified as financing cash flows.

2.17 Recent accounting pronouncements

The Ministry of Corporate Affairs (MCA) on March 31, 2023 through Companies (Indian Accounting Standards) Amendment Rules,

2023 has notified the following amendments to IND AS which are applicable for the annual periods beginning on or after April 01, 2023.

a) IND AS 1 – Presentation of Financial Statements –

This amendment requires the Company to disclose its material accounting policies rather than their significant accounting policies. The Company will carry out a detailed review of accounting policies to determine material accounting policy information to be disclosed going forward.

The Company does not expect this amendment to have any material impact in its financial statements.

b) IND AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors -

This amendment has changed the definition of a “change in accounting estimates” to a definition of “accounting estimates”. The amendment clarifies how companies should distinguish changes in accounting policies from changes in accounting estimates.

The Company does not expect this amendment to have any material impact in its financial statements.

c) IND AS 12 – Income Taxes -

This amendment has done away with the recognition exemption on initial recognition of assets and liabilities that give rise to equal and offsetting temporary differences.

The Company does not expect this amendment to have any material impact in its financial statements.

34 Contingent Liability
(i) Claim against the Company not acknowledged as debts :

- a. IL&FS Financial Service Limited (IFIN) a 100% subsidiary of Infrastructure Leasing and Financial Services Limited (IL&FS) has filed a suit before the Bombay High Court against MSE (Suit No. 295 of 2014), along with a Notice of motion for interim relief for breach of the Share Purchase Agreement dated August 20, 2009 entered into between IFIN (Plaintiff), MSE (Defendant No.1) and MCX (Defendant No.2) for purchase of shares of MSE by IFIN from MCX. Various reliefs have been sought by IFIN from MCX and MSE (on a joint and several basis), including monetary claim of INR 84.21 crore along with interest.

In Notice of Motion no. 530/2014 the Hon'ble Bombay High Court through its order dated June 12, 2019 disposed off the Notice of Motion and ordered that MSE and MCX, shall be restrained either directly or indirectly from issuing any further shares of MSE in any manner whatsoever without seeking the plaintiff's prior written consent in accordance with and/or in terms of Clause 5.5(a) of the SPA dated August 20, 2009.

However, it was clarified by the Court that if IFIN unreasonably withholds its consent then MSE shall be at liberty to approach the court for appropriate orders.

MSE has filed an Appeal along with Delay Condonation Application and Interim Application for Stay to the said order dated June 12, 2019. The delay condonation application was allowed. The Appeal along with the Interim Application for stay was last scheduled on 05/12/2022 for admission, but was not taken up for hearing. The next date is not yet listed by Registry of Bombay High Court.

- b. The Income Tax Department has raised tax demand of Rs. 921.38 lakhs for the assessment year 2012-13. The Company has filed an appeal and rectification request against the same. Further, the Company has received refund of Rs. 683.05 lakhs on May 04, 2019 on account of rectification order passed by the assessing officer. The Company have been advised that the demand raised by the department is likely to be deleted accordingly the Company has not made provision for the same in books of accounts.
- c. Claims not acknowledged as debt Rs.35 Lakh (PY Rs.70 Lakh)

- d. Cogencis Information Services Limited has filed a Commercial Suit No: COMS/202/2021 before High Court of Bombay claiming a sum of approx Rs.1.30 cr along with interest on principal amount of Rs.69.9 Lakh at 18% p.a. towards the alleged services for the remaining term of one year under the subscription form executed between the parties for data feed services. It is pertinent to note here that MSE as per the terms of subscription form had duly terminated the services before the end of the first year itself by providing 3 (three) months' notice and all due payments were made till the expiry date of termination notice period and hence MSE is not liable to make any further payments to Cogencis.

The Exchange has filed Written Statement to the Suit filed by Cogencis on 13 June 2022. The commercial suit is at Pre-Admission stage and next date will be provided as per CMIS of the Bombay High Court. However no new date has been Listed as of now

35 Capital Commitment

Estimated amount of contracts remaining to be executed on capital account and not provided for (net of advances) is Rs 48.49 Lakhs as on 31st March, 2023. (PY Rs. 14 Lakhs).

- 36 The Exchange and MSE Enterprises Limited (MEL) (formerly known as Metropolitan Clearing Corporation of India Limited) Boards respectively accorded their in-principle approval for the merger of MEL with MSE. Pursuant to the application made by MEL to SEBI to surrender the license / recognition, MEL has been derecognized to operate as Clearing Corporation with effect from October 3, 2022. The Exchange has filed merger application with NCLT on March 23, 2023 with the appointed date of April 01, 2023.

- 37 The Exchange has carried out the Impairment testing of Investment made into MEL during the year ended March 31, 2023, accordingly the Exchange has made a provision for Impairment of Investment into MEL of Rs. 211 lakhs since carrying value of investment made in MEL is higher than the networth of the MEL as on March 31, 2023

- 38 The Exchange has prepared it's Financial Statements on Going Concern Basis, the Exchange has incurred losses of Rs. 1,978 Lakh during the year ended March 31, 2023 (March 31, 2022: Rs. 2,329 Lakh) and the net worth of the Exchange as per Stock Exchange and Clearing Corporation Regulation 2018 (SECC) norms amounts to Rs. 12,351 Lakh as on March 31, 2023 (March 31, 2022: Rs. 14,117 Lakh). The Exchange has already filed application with NCLT during current year for merger of MSE Enterprises Limited (MEL), subsidiary (formerly known as Metropolitan Clearing Corporation of India Limited) with the Exchange which shall further augment the net worth significantly as per SECC norms. The Exchange is in compliance of all regulatory requirements including interoperability, T+1 settlement cycle, etc. The Exchange has not defaulted in payment of any of its creditors, statutory/regulatory liability and to employees and has sufficient funds to discharge all its liabilities. The Exchange has been able to increase its business volumes in the Currency Derivatives segment regularly and achieved its highest daily volume of last eight years during current year. The Exchange is also in the process of enabling various initiatives, rationalization measures, brand building and technological upgradation which shall help in Business and Product Expansion along with focus on bringing down overall cost of operations. This shall ensure further significant reduction in losses and the Exchange is confident of making profits shortly. The Exchange is also expecting the resolution of pending legal matters in its favour considering the current status which shall result in significant benefits to the Exchange. The Exchange accordingly continues to prepare its Financial Statements on going concern basis.

- 39 In some earlier years, MSE could not charge transaction fee in its Currency Derivatives Segment as its dominant competitor, National Stock Exchange of India Ltd. (NSE), was not charging the same. On the complaint of the Company, the Competition Commission of India (CCI) passed an order dated June 23, 2011 directing NSE to cease and desist from carrying on its unfair pricing policy and further levied a penalty of Rs. 5550 Lakhs on NSE. NSE had appealed against the said order before the Hon'ble Competition Appellate Tribunal (COMPAT), which vide its order dated August 5, 2014 upheld the order passed by the Hon'ble CCI and found NSE guilty of indulging in anti-competitive practices.

An appeal has been filed by NSE before the Hon'ble Supreme Court of India challenging the order passed by the COMPAT (Now NLCAT) on August 05, 2014. The Hon'ble Supreme Court granted NSE interim stay on the recovery of the penalty amount of Rs. 5550 Lakhs (@ 5% of the average turnover). on February 12, 2018, an interim stay was granted to the proceedings of damages before NCLAT during the pendency of the present appeal filed by NSE in Supreme Court. The appeal was last listed on April 13, 2018.

While the aforesaid Appeal filed by NSE is pending before the Supreme Court of India, the Exchange has filed an Application for award of compensation for Rs. 85699 Lakhs. under Section 53N (1) of the Competition Act, 2002 before the COMPAT (now NCLAT). Vide order dated 12.02.18 passed by Hon'ble Supreme Court in Civil Appeal No.8974 of 2014 an interim stay of proceeding of damages as pending before had been passed. In the circumstances, the Hon'ble Tribunal adjourned the case sine die with liberty to the parties to mention the matter after the decision of the Hon'ble Supreme Court. The appeal filed by NSE before Supreme Court i.e Civil Appeal No.8974 of 2014 is admitted vide order dated 20th February 2023. Now the matter will be mentioned on the regular board of the supreme court. The matter was last scheduled twice on 26/04/2023 and 27/04/2023 on the board of the Court Room no. 5, before Hon'ble Mr. Justice Dinesh Maheshwari and Hon'ble Mr. Justice Sanjay Kumar of the Supreme Court. however the matter could not reach till the end of the day due to urgent hearing of other connected matters. Now the matter is scheduled to be listed on 26/07/2023

These plans typically expose the Company to actuarial risks such as: investment risk, interest risk, asset liability matching risk, mortality risk, concentration risk and salary risk.

Investment risk	The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. If the return on plan asset is below this rate, it will create a plan deficit. Currently, for the plan in India, it has a relatively balanced mix of investments in government securities, and other debt instruments.
Interest Risk	A fall in the discount rate which is linked to the G.Sec. Rate will increase the present value of the liability requiring higher provision. A fall in the discount rate generally increases the mark to market value of the assets depending on the duration of asset.
Asset Liability Matching Risk	The plan faces the ALM risk as to the matching cash flow. Since the plan is invested in lines of Rule 101 of Income Tax Rules, 1962, this generally reduces ALM risk.
Mortality risk	Since the benefits under the plan is not payable for life time and payable till retirement age only, plan does not have any longevity risk
Concentration Risk	Plan is having a concentration risk as all the assets are invested with the insurance company and a default will wipe out all the assets. Although probability of this is very low as insurance companies have to follow stringent regulatory guidelines which mitigate risk.
Salary Risk	The present value of the defined benefit plan liability is calculated by reference to the future salaries of members. As such, an increase in the salary of the members more than assumed level will increase the plan's liability.

VIII Principal actuarial assumptions at the Balance sheet date:

Particulars	Gratuity As at	
	March 31, 2023	March 31, 2022
Mortality Table(LIC)	Indian Assured Lives Mortality (2012-14)Urban	Indian Assured Lives Mortality (2006-08)Ult
Rate of employee turnover	38%	For service 4 yrs & below 19% pa & 7% pa thereafter
Discount rate (per annum)	7.20%	6.90%
Expected Return on Plan Asset	7.20%	6.90%
Rate of escalation in salary (per annum)	6.00%	6.50%

The estimates of rate of escalation in salary considered in actuarial valuation, takes into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market. The above information is certified by the actuary.

The Expected Rate of Return on Plan Assets is determined considering several applicable factors, mainly the composition of Plan Assets held, assessed risks, historical results of return on Plan Assets and the Company's policy for Plan Assets Management.

The company has taken a Gratuity Policy with Life Insurance Corporation of India, the funds of which are managed by Life Insurance Corporation of India. Therefore the composition of investments is not ascertainable

42 Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker ("CODM") of the Company. The CODM, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Managing Director and CEO of the Company. The Company operates only in one Business Segment i.e. facilitating trading in securities and the activities incidental thereto within India, hence does not have any reportable Segments as per Indian Accounting Standard 108 "Operating Segments". The Company while presenting the consolidated financial statements has disclosed the segment information to the extent applicable as required under Indian Accounting Standard 108 "Operating Segments".

Recognised fair value measurements

Level 1: Hierarchy includes financial instruments measured using quoted prices. This includes mutual funds that have quoted price. The mutual funds are valued using the closing NAV

Level 2: The fair value of financial instruments that are not traded in an active market (for example, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include:

- the use of quoted market prices of instruments

47 Capital management

The Company manages its capital so as to safeguard its ability to continue as a going concern and to optimise returns to our shareholders. The capital structure of the Company is based on management's judgment of the appropriate balance of key elements in order to meet its strategic and day-to-day needs. We consider the amount of capital in proportion to risk and manage the capital structure in light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the company may adjust the amount of dividends paid to shareholders, return capital to shareholders or issue new shares.

Compliance with externally imposed capital requirements:

In accordance with regulation 14 of Securities Contracts (Regulation) (Stock Exchanges and Clearing Corporations) Regulations, 2012, the Company shall have a minimum net worth of Rs. 10,000 Lakhs at all times.

48 Financials Risk Management

The Company's principal financial liabilities comprise of trade and other payables. The Company's principal financial assets include trade and other receivables, cash and short-term deposits that derive directly from its operations.

The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below:

The Company has an active Risk Management Committee which enables the Senior Management to establish a strong risk management framework and oversee the related risks from time to time. The business activities of the Company exposes it to certain financial risks which can be broadly categorized into : credit risk, liquidity risk, market risk and regulatory risk. The activities of the Risk Management Committee rotates around identifying, analyzing and categorizing potential risks, set appropriate metrics and controls to timely monitor them and ensure that they adhere to limits. The frameworks, policies and systems related to risk are reviewed on regular intervals by the Committee and proposed changes are reflected depending on factors like market conditions, industry developments, regulatory updates etc.

Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and investment securities. Credit risk arises from cash held with banks and financial institutions, as well as credit exposure to clients, including outstanding accounts receivable. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets

Trade and other receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry in which the customer operates, also has an influence on credit risk assessment.

The Company has a large and diverse customer base and also collects members deposits as collateral which can be utilized in the case of Members default. The Company provides the stock exchange services to its listed companies and registered members and their clients. The revenue of the Exchange is not concentrated on small number of customers. All trade receivables are reviewed and assessed for default on a periodic basis. The Company assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors. Our historical experience of collecting receivables indicate that the credit risk is low.

Other Financial Assets

The Company also maintains cash exposure with banks, term deposits with banks/financial institutions and invests in marketable debt instruments (including mutual funds). For risk diversification, the Company invests into varied instruments across various organizations with secured credit ratings as per the approved Investment Policy. Individual limits are set on concentration and exposures, credit ratings, financial position of each segment and counter-party and it is ensured that regular monitoring of the mentioned criteria are being done by the Company. Due to diversification, secure ratings and proper monitoring on a timely basis, risk factor is very limited.

Liquidity risk

Liquidity risk is the risk that the Company faces in terms of obligations related to financial liabilities. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due. The Company's finance department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. The management monitors the Company's net liquidity position through forecasts on the basis of expected cash flows. The Company's treasury department ensures that the day-to-day forecasts are being made in terms of cashflow requirements based on operational needs and any surplus cash generated is either retained as cash and cash equivalents or invested in allowed investible instruments as per the Investment Policy of the Company.

Market risk

The Company's business, financial condition and operations are dependent upon the levels of activity on the Exchange and in particular upon the traded volume, number of listed companies / securities, the number of new listings and subsequent issuances, number of members added etc. All these contribute to our revenue.

The Company is exposed to interest rate risk due to its investments in debt-related instruments. The interest rate risk is directly linked to the future movements of yield in the market depending on RBI's decision and take on various factors.

The Company is mainly exposed to the price risk due to its investment in mutual funds and investments in equity shares. The price risk arises due to uncertainties about the future market values of these investments.

Regulatory risk

The Company is a Stock Exchange recognized by Securities and Exchange Board of India (SEBI). The Company's operations are subject to continuous review as per the governing regulations as laid down by SEBI. The Company's regulatory team constantly monitors the compliance all applicable SEBI rules and regulations.

Post implementation of interoperability requirements, all Exchanges are required to contribute such amounts to the Core SGF of the Clearing Corporations as may be determined in accordance with the methodology specified by SEBI. The contribution to the Settlement Guarantee Fund of each Clearing Corporation is based on the ratio of Turnover of each Exchange to the relevant Clearing Corporation. The Exchange has made already met necessary contribution to SGF and is in compliance with the requirement laid down.

SEBI letter No. SEBI/LAD-NRO/GN/2022/96 dated September 14, 2022 renewed the recognition granted to the Stock Exchange for a period of one year commencing on the 16th day of September 2022 and ending on 15th day of September 2023.

As per Securities contracts regulations (stock exchange and clearing corporations) regulations 2018, a recognised stock exchange shall have a minimum net worth of Rs. 10,000 Lakhs at all times. The Exchange is in compliance of net-worth requirement as laid down under the regulation. The net-worth of the Exchange as on March 31, 2023 stands at INR 12,351 Lakhs.

Consolidated Financial Statement

Independent Auditor's Report

To the Members of Metropolitan Stock Exchange of India Limited Report on the Audit of the Consolidated Financial Statements

1. Opinion

We have audited the accompanying Consolidated Financial Statements of **Metropolitan Stock Exchange of India Limited (the "Holding Company" "Parent Company")** and its subsidiaries (MSE Enterprises Limited (Formerly Known As Metropolitan Clearing Corporation of India Limited) and MSE Fintech Limited) (the Holding Company and its subsidiaries together referred to as **'the Group'**), which comprise the Consolidated Balance Sheet as at March, 31, 2023, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Cash Flows and the Consolidated Statement of Change in Equity for the year then ended, and notes to the Consolidated Financial Statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2023, and its consolidated loss (including other comprehensive income), consolidated cash flows and its consolidated changes in equity for the year ended on that date.

2. Basis for Opinion

We conducted our audit of the Consolidated Financial Statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Consolidated Financial Statement under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us along with the consideration of the Consolidated Financial Statements referred to in the "Other Matters" paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated Financial Statements.

3. Emphasis of matter

- a. We draw attention to Note 38 of the Consolidated Financial Statements with regard to proposed Merger of MSE Enterprises Limited (MEL) (formerly known as Metropolitan Clearing Corporation of India Limited) with Parent Company wherein it states that Board of Parent Company and MEL accorded there in principle approval for the Merger. Pursuant to the application made by MEL to SEBI to surrender the license/recognition, MEL has been derecognized to operate as Clearing Corporation w.e.f. October 3, 2022.
- b. We draw attention to Note 40 of the Consolidated Financial Statements with regard to preparation of financial on Going Concern Basis which state that "The Parent Company has prepared its Financial Statements on Going Concern Basis, the Parent Company has incurred losses of Rs. 1,978 Lakh during the year ended March 31, 2023 (March 31, 2022: Rs. 2,329 Lakh) and the net worth of the Parent Company as per Stock Exchange and Clearing Corporation Regulation 2018 (SECC) norms amounts to Rs. 12,351 Lakh as on March 31, 2023 (March 31, 2022: Rs. 14,117 Lakh). The Parent Company has already filed application with NCLT during current year for merger of MSE Enterprises Limited (MEL), subsidiary (formerly known as Metropolitan Clearing Corporation of India Limited) with the Parent Company which shall further augment the net worth significantly as per SECC norms. The Parent Company is in compliance of all regulatory requirements including interoperability, T+1 settlement cycle, etc. The Parent Company has not defaulted in payment of any of its creditors, statutory/regulatory liability and to employees and has sufficient funds to discharge all its liabilities. The Parent Company has been able to increase its business volumes in the Currency Derivatives segment regularly and achieved its highest daily volume of last eight years during current year. The Parent Company is also in the process of enabling various initiatives, rationalization measures, brand building and technological upgradation which shall help in Business and Product Expansion along with focus on bringing down overall cost of operations. This shall ensure further significant reduction in losses and the Parent Company is confident of making profits shortly. The Parent Company is also expecting the resolution of pending legal matters in its favour considering the current status which shall result in significant benefits to the Parent Company. The Parent Company accordingly continues to prepare its Consolidated Financial Statements on going concern basis.

Our opinion is not modified in respect of these matter.

4. Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements of the current year. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Identification of Onerous Contract

As per Ind AS 37 "Provision, contingent liabilities and contingent assets", an onerous contract is a contract in which the unavoidable costs

of meeting the obligations under the contract exceed the economic benefits expected to be received under it. The Holding Company has an unavoidable long-term contract with one of the service providers which constitutes approx. 46% of the Operating Expense of Holding Company (refer note 31) for the year ended March 31, 2023.

Auditor's Response: Our procedure in relation to identification of onerous contract included, review of material contract with service providers, assessing the related cost and economic benefits expected to be received/are received and critically assessing the management's estimates with regard to plan for utilization of such costs. Based on above audit procedures the said contract has not been treated as onerous contract as on March 31, 2023.

5. Information Other than the Consolidated Financial Statements and Auditor's Report thereon

The Holding Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Holding Company's Annual Report but does not include the Consolidated Financial Statements and our auditor's report thereon.

Our opinion on the Consolidated Financial Statements does not cover the other information and we will not express any form of assurance conclusion thereon. The other information is expected to be made available to us after the date of this auditor's report.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate that matter to those charged with governance.

6. Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these Consolidated Financial Statements that give a true and fair view of the consolidated state of affairs and consolidated loss (including other comprehensive income), consolidated changes in equity and consolidated cash flows of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Management and Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the each company and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of the preparation of the Consolidated Financial Statements by the Management and Directors of the Holding Company, as aforesaid.

In preparing the Consolidated Financial Statements, Management and respective Board of Directors of the Companies included in the Group are responsible for assessing the ability of each company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless respective Management and Board of Directors either intends to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Those respective Board of Directors included in the Group are also responsible for overseeing the financial reporting process of each company.

7. Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company and its subsidiary companies which are companies incorporated in India, if any, has internal financial controls with reference to Consolidated Financial Statements and the operating effectiveness of such controls based on our audit.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention

in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of the Financial Statements of such entities included in the Consolidated Financial Statements of which we are independent auditors. For the other entities included in the Consolidated Financial Statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Consolidated Financial Statements may be influenced. We consider quantitative materiality and qualitative factors (i) in planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Consolidated Financial Statements.

We communicate with those charged with governance of the Holding Company, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

8. Other Matters

- a) We did not audit the financial statements of a subsidiary; whose financial statements include total asset of Rs. 13,084.13 lakhs, total revenues of Rs. 2,581.20 lakhs, net loss after tax of Rs. 396.37 lakhs, total comprehensive income of Rs. (261.93) lakhs and net cash inflow of Rs. (7.88) lakhs for the year ended March 31, 2023, as considered in the Consolidated Financial Statements. The aforesaid financial statement has been audited by other auditor whose report has been furnished to us by the Management and our opinion on the Consolidated Financial Statements in so far as it relates to the amounts and disclosures included in respect of the subsidiary, and our report in terms of the sub section (3) and (11) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiary, is based solely on the report of the other auditor.
- b) The forensic audit of the Parent Company, with respect to the whistle blower complaints, as advised by Securities Exchange and Board of India (SEBI) has been completed and the report has been submitted to SEBI. The matter is pending.

Our above opinion on the Consolidated Financial Statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the report of the other auditor.

9. Report on Other Legal and Regulatory Requirements

- a. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- b. As required by Section 143 (3) of the Act, based on our audit and on the consideration of report of the other auditors on Separate financial statements and other financial information of subsidiary, as noted in the 'other matter' paragraph we report, to the extent applicable, that:

Annexure B to the Independent Auditor's Report of even date to the member of the Metropolitan Stock Exchange of India Limited ("the Company") on the Consolidated Financial Statements for the year ended March 31, 2023, we report that;

Report on the Internal Financial Controls with reference to Consolidated Financial Statements, under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

Opinion

We have audited the internal financial controls with reference to Consolidated Financial Statements of **Metropolitan Stock Exchange of India Limited ('the Holding Company')** and its subsidiary companies, which are companies incorporated in India, as of March 31, 2023, in conjunction with our audit of the Consolidated Financial Statements of the Group for the year ended on that date.

In our opinion, based on the consideration of the reports of the other auditors as referred to in other matters paragraph below, to the best of our information and according to the explanations given to us, the Holding Company and its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls with reference to Consolidated Financial Statements and such internal financial controls were operating effectively as at March 31, 2023, based on the internal financial control with reference to Consolidated Financial Statements criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India (ICAI).

Management's Responsibility for Internal Financial Controls

The Management and Board of Directors of the Holding Company and its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls with reference to Consolidated Financial Statements based on the criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 ('the Act').

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to Consolidated Financial Statements of the Holding Company and its subsidiary companies, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls with reference to Consolidated Financial Statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Consolidated Financial Statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to Consolidated Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Consolidated Financial Statements includes obtaining an understanding of internal financial controls with reference to Consolidated Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to Consolidated Financial Statements of the Holding Company and its subsidiary companies, which are companies incorporate in India.

Meaning of Internal Financial Controls with reference to Consolidated Financial Statements

Company's internal financial controls with reference to Consolidated Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Consolidated Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to Consolidated Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Consolidated Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Consolidated Financial Statements.

Inherent Limitations of Internal Financial Controls with reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to Consolidated Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Consolidated Financial Statements to future periods are subject to the risk that the internal financial controls with reference to Consolidated Financial Statements may become inadequate because of changes in

conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Other Matter

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to Consolidated Financial Statements insofar as it relates to financial statements of a subsidiary company, which is a company incorporated in India, is based on the corresponding report of the auditors of such company incorporated in India. Our opinion is not modified in respect of this matter.

The Consolidated financial statement relates to parents and its subsidiary companies namely MSE Enterprises Limited (MEL) (formerly known as Metropolitan Clearing Corporation of India Ltd) and MSE Fintech Limited (collectively referred to as 'the Group' or 'Company')

The Consolidated Financial Statements were authorized for issue by the Parent Company’s Board of Directors on May 30, 2023.

2 Significant Accounting Policies

This note provides a list of the significant accounting policies adopted in the preparation of these consolidated financial statements (“financial statements”). These policies have been consistently applied to all the years presented, unless otherwise stated.

2.1 Basis of preparation of financial statements

The Consolidated financial statements have been prepared and presented under the historical-cost convention on accrual basis, except as disclosed in the accounting policies below. The Group has prepared these financials to comply in all material respect with the Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013, as amended, relevant provisions of the Companies Act 2013 including rules made thereunder, various regulatory guidelines to the extent relevant and applicable to the Group and in accordance with the generally accepted accounting principles in India. The accounting policies adopted in the preparation of the financial statements are consistent.

The Consolidated Financial statements have been prepared on a historical cost basis, except for the following:

- certain financial assets and liabilities and contingent consideration is measured at fair value,
- defined benefit plans - plan assets measured at fair value, and

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability which market participants would take into account when pricing the asset or liability at the measurement date.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability.

Basis of Consolidation

The Company consolidate entities which it owns or controls. The consolidated financial statements comprise the financial statements of the Parent Company and its subsidiaries (“the Group”). Control exists when the Parent has power over the entity, is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns by using its power over the entity. Power is demonstrated through existing rights that give the ability to direct relevant activities, those which significantly affect the entity’s returns. Consolidation of a subsidiary begins when the Parent Company obtains control over the subsidiary and ceases when the Parent Company loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated Profit or Loss from the date the Parent Company gains control until the date when the Parent Company ceases to control the subsidiary.

The Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

When the Company has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Parent Company considers all relevant facts and circumstances in assessing whether or not the Company’s voting rights in an investee are sufficient to give it power, including:

- a) the size of the Company's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- b) potential voting rights held by the Company, other vote holders or other parties;
- c) rights arising from other contractual arrangements; and
- d) any additional facts and circumstances that indicate that the Company has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests are disclosed separately. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies.

The Group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the group.

Changes in the Group's ownership interests in existing subsidiaries

Changes in the Group's ownership interests in subsidiaries that do not result in the Group losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company. When the Group ceases control of a subsidiary, a gain or loss is recognised in profit or loss and is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interests. All amounts previously recognised in other comprehensive income in relation to that subsidiary are accounted for as if the Group had directly disposed of the related assets or liabilities of the subsidiary (i.e. reclassified to profit or loss or transferred to another category of equity as specified/permitted by applicable Ind AS). The fair value of any investment retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under Ind AS 109, or, when applicable.

Particulars	Country of Incorporation	% of Voting Power As at March 31, 2023	% of Voting Power As at March 31, 2022

MSE Enterprises Limited (formerly known as Metropolitan Clearing Corporation India Limited)	India	95.85	95.85
MSE Fintech Limited	India	100.00	100.00

2.2 Operating Cycle

The Group presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- § Expected to be realised or intended to be sold or consumed in normal operating cycle
- § Expected to be realised within twelve months after the reporting period, or
- § Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is treated as current when:

- § It is expected to be settled in normal operating cycle
- § It is due to be settled within twelve months after the reporting period, or
- § There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Group has identified twelve months as its operating cycle.

2.3 Foreign currency translation and transactions

i) Functional and presentation currency

Items included in the Consolidated Financial Statements of the Group are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The Financial Statements are presented in Indian Rupees (INR), which is the Group functional and presentation currency. All financial information presented in Indian rupees has been rounded to the nearest lakh except share and per share data in terms of schedule III unless otherwise stated.

ii) Transactions and Balances

Foreign currency transactions are translated into the functional currency using the exchange rate prevailing at the date of the transaction.

Monetary items denominated in foreign currencies at the year-end are restated at year end rates. Non-monetary foreign currency items are carried at cost.

Foreign exchange gains and losses resulting from the settlement of transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognized in the Statement of Profit & Loss of the year.

2.4 Revenue recognition

Revenue from contract with customers is recognised in the Statement of Profit and Loss through following steps:

- i) identification of the contract or contracts with the customers
- ii) identification of the performance obligations in the contracts,
- iii) determination of the transaction price
- iv) allocation of the transaction price to the performance obligations in the contract
- v) recognition of revenue when company satisfy a performance obligation.

Revenue mainly comprises :

Transaction fees are charged to members at the applicable rates based on the volume of transactions entered into by the members through the exchange. These are accrued when orders placed by members on the exchange are matched and confirmed.

Membership Admission fees collected from new members for joining the exchange are recognized when received and membership approved by SEBI.

Processing and other fees collected from members are recognized for which services are performed.

Connectivity Income are apportioned over the period of connectivity on a pro rata basis from the date of activation of connectivity.

Income from Annual Listing Fees is recognized on time proportion basis.

Revenue from Shared Service recognised based on the time proportion basis.

Revenue from data feed charges based on the time proportion basis.

Interest income is recognized on time proportion basis into account the amount outstanding and the rates applicable. For all other financial assets measured at amortised cost interest income is recorded using the Effective Interest Rate (EIR).

Dividend income is recognized when the company's right to receive dividend is established.

The disclosure of significant accounting reporting requirements relating to revenue from contracts with customers are provided in Note 53.

2.5 Income Taxes

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses, if any. Income tax expense is recognised in the Profit or Loss except to the extent it relates to items directly recognised in equity or in other comprehensive income.

Current income tax for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities based on the taxable income for the period. The tax rates and tax laws used to compute the current tax amount are those that are enacted at the reporting date and applicable for the period. The Group offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognised amounts and where it intends either to settle on a net basis or to realize the asset and liability simultaneously. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax is recognised using the balance sheet approach on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities and assets are recognized for all taxable temporary differences.

Deferred tax assets and liabilities are measured at the tax rates that are to be apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax assets are recognised only to the extent that there is a probable that taxable profit will be available against which the deductible temporary differences, and carry forward of unused tax credits and the carry forward of unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Deferred tax assets are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries, where it is not probable that the differences will reverse in the foreseeable future and taxable profit will not be available against which the temporary difference can be utilised.

2.6 Operating Lease

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to statement of profit or loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

2.7 Property, plant and equipment

Property, plant and equipment are measured at cost of acquisition net of recoverable taxes less accumulated depreciation and impairment loss, if any. Cost includes expenses that is directly attributable to acquisition of the assets.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Amounts paid towards the acquisition of property, plant and equipment outstanding as of each reporting date and the cost of property, plant and equipment not ready for their intended use before such date are shown as Capital Work in Progress.

Depreciation on property, plant and equipment is provided on straight line method over the useful lives as specified in Part 'C' of Schedule II to the Companies Act, 2013, which is also estimated as useful lives by the management. The same is as given below:-

Sr. No	Classification of an asset	Useful life
1.	Furniture and fixtures	10
2.	Office Equipment's	5
3.	Vehicles	5-8
4.	Computer Hardware	
	(i) Computer Servers	6
	(ii) Networking Equipment's	6
	(iii) Desktop/Laptop etc.	3

Leasehold improvements are depreciated over the period of lease or at their estimated useful life, whichever is lower.

The Group provides pro-rata depreciation from the day the asset is ready to use and for any asset sold, till the date of sale.

Depreciation methods, useful lives and residual values are reviewed at each reporting date. With the effect of any changes in estimate accounted for on a prospective basis.

2.8 Intangible assets and Amortization

Intangible assets are recognized only if it is probable that the future economic benefits that are attributable to the assets will flow to the enterprise and the cost of the assets can be measured reliably. Expenditure on an intangible item is expensed when incurred unless it forms part of the cost of intangible asset that meets the recognition criteria. Intangible assets are stated at cost of acquisition net of recoverable taxes less accumulated amortization and impairment loss, if any.

Intangible assets comprising of software purchased and licensing cost are amortized on straight line basis over the useful life of the software up to a maximum period of 10 years.

Intangible assets under development

Intangible Assets under development comprises outstanding advances paid to acquire intangible assets and the cost of intangible assets that are not yet ready for its intended use.

2.9 Impairment of non-financial assets

Non-financial assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

2.10 Provisions, contingent liabilities and contingent assets

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Provisions for onerous contracts are recognised when the expected benefits to be derived by the Company from a contract are lower than the unavoidable costs of meeting the future obligations under the contract. Provisions for onerous contracts are measured at the lower of the present value of expected net cost of fulfilling the contract and the present value of expected cost of terminating the contract.

Provision are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that the outflow of resources would be required to settle the obligation, the provision is reversed.

Contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases, where there is a liability that cannot be recognised because it cannot be measured reliably, is not recognised in the books of accounts but its existence is disclosed in the Financial Statements. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets are not recognized but disclosed in the financial statements when economic inflow is probable.

2.11 Fair Value Measurement

The company measures financial instruments at fair value in accordance with accounting policies at each reporting date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the company

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- **Level 1** – Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- **Level 2** – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- **Level 3** – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the balance sheet on a recurring basis, the company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

2.12 Financial instrument

Financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(a) Financial Assets:
Initial recognition and measurement:

The company measures its financial assets at fair value. In this context, quoted investments are fair valued adopting the techniques defined in Level 1 of fair value hierarchy of Ind-AS 113 “Fair Value Measurement” and unquoted investments, where the observable input is not readily available, are fair valued adopting the techniques defined in Level 3 of fair value hierarchy of Ind-AS 113 and securing the valuation report from the certified valuer. However, trade receivables that do not contain a significant financing component are measured at transaction price.

Subsequent measurement:

For subsequent measurement, the Company classifies a financial asset in accordance with the below criteria:

- i. The Company’s business model for managing the financial asset and
- ii. The contractual cash flow characteristics of the financial asset.

Based on the above criteria, the Company classifies its financial assets into the following categories:

- i. Financial assets measured at amortized cost
- ii. Financial assets measured at fair value through other comprehensive income (FVTOCI)
- iii. Financial assets measured at fair value through profit or loss (FVTPL)

i. Financial assets measured at amortized cost:

A financial asset is measured at the amortized cost if both the following conditions are met:

- (a) The Company’s business model objective for managing the financial asset is to hold financial assets in order to collect contractual cash flows, and
- (b) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

This category applies to cash and bank balances, trade receivables, loans and other financial assets of the Company. Such financial assets are subsequently measured at amortized cost using the effective interest method. Under the effective interest method, the future cash receipts are exactly discounted to the initial recognition value using the effective interest rate. The cumulative amortization using the effective interest method of the difference between the initial recognition amount and the maturity amount is added to the initial recognition value (net of principal repayments, if any) of the financial asset over the relevant period of the financial asset to arrive at the amortized cost at each reporting date. The corresponding effect of the amortization under effective interest method is recognized as interest income over the relevant period of the financial asset. The same is included under other income in the Statement of Profit and Loss.

The amortized cost of a financial asset is also adjusted for loss allowance, if any.

ii. Financial assets measured at FVTOCI:

A financial asset is measured at FVTOCI if both of the following conditions are met:

- (a) The Company’s business model objective for managing the financial asset is achieved both by collecting contractual cash flows and selling the financial assets, and
- (b) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

This category applies to Investments in Equity and Convertible Warrants. Such financial assets are subsequently measured at fair value at each reporting date. Fair value changes are recognized in the Other Comprehensive Income (OCI). These equity instruments are neither held for trading nor are contingent consideration recognized under a business combination. Pursuant to such irrevocable election, subsequent changes in the fair value of such equity instruments are recognized in OCI.

However, the Company recognizes dividend income from such instruments in the Statement of Profit and Loss.

On De-recognition of such financial assets, cumulative gain or loss previously recognized in OCI is not reclassified from the equity to Statement of Profit and Loss.

However, the Company may transfer such cumulative gain or loss into retained earnings within equity.

iii. Financial assets measured at FVTPL:

A financial asset is measured at FVTPL unless it is measured at amortized cost or at FVTOCI as explained above. This is a residual category applied to all other investments of the Company. Such financial assets are subsequently measured at fair value at each reporting date. Fair value changes are recognized in the Statement of Profit and Loss.

Equity Investments (in subsidiaries, associates and joint venture)

Investments in subsidiaries, associates and joint venture are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiaries, associates and joint venture, the difference between net disposal proceeds and the carrying amounts are recognized in the statement of profit and loss.

De-recognition

Financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized (i.e. removed from the company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement and either:
 - (a) The company has transferred substantially all the risks and rewards of the asset, or
 - (b) The company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the company continues to recognize the transferred asset to the extent of the company's continuing involvement. In that case, the company also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the company has retained.

On De-recognition of a financial asset, (except as mentioned in (ii) above for financial assets measured at FVTOCI), the difference between the carrying amount and the consideration received is recognized in the Statement of Profit and Loss.

Impairment of financial assets

The company assesses impairment based on expected credit losses (ECL) model to the following:

- Financial assets measured at amortized cost
- Financial assets measured at fair value through other comprehensive income (FVTOCI)
- Financial assets measure at fair value through profit and loss (FVTPL)

Expected credit losses are measured through a loss allowance at an amount equal to:

- The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

For recognition of impairment loss on other financial assets and risk exposure, the company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-months ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the company reverts to recognizing impairment loss allowance based on 12-months ECL.

For assessing increase in credit risk and impairment loss, the company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

(b) Financial Liabilities:**Initial recognition and measurement**

The Company recognizes a financial liability in its Balance Sheet when it becomes party to the contractual provisions of the instrument. Financial liabilities are initially measured at Fair value.

Subsequent measurement

All non-current financial liabilities of the Company are subsequently measured at amortized cost using the effective interest method. Under the effective interest method, the future cash payments are exactly discounted to the initial recognition value using the effective interest rate. The cumulative amortization using the effective interest method of the difference between the initial recognition amount and the maturity amount is added to the initial recognition value (net of principal repayments, if any) of the financial liability over the relevant period of the financial liability to arrive at the amortized cost at each reporting date. The corresponding effect of the amortization under effective interest method is recognized as interest expense over the relevant period of the financial liability. The same is included under finance cost in the Statement of Profit and Loss.

De-recognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires.

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

Offsetting of financial instruments Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

2.13 Employee benefits

Short Term Obligation

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period at the undiscounted in the Statement of Profit & Loss and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

Other Long-Term employees benefit obligations

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in statement of profit and loss. The liability for earned leave is also classified as current where it is expected to be availed/ encashed during the next 12 months. The remaining portion is classified as non-current. The amounts of current and non-current liability are based on actuarial estimates.

Post-employment obligations

Post-employment benefits are classified as either defined contribution plans or defined benefit plans. Under a defined contribution plan, the Company's only obligation is to pay a fixed amount with no obligation to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits. The related actuarial and investment risks fall on the employee. The expenditure for defined contribution plans is recognised as expense during the period when the employee provides service. Under a defined benefit plan, it is the Company's obligation to provide agreed benefits to the employees. The related actuarial and investment risks fall on the Company.

The Company operates following post-employment schemes:

- (a) defined benefit plans such as gratuity
- (b) defined contribution plans such as provident fund

Defined Benefit Plans - Gratuity Obligation

The Company has maintained a Gratuity Scheme with the MSEI Employees Group Gratuity Assurance Scheme ("Trust") Trustees administer contributions made to the Trusts and contribution are invested in insurance company in the form of qualifying insurance policy. Company is contributing a sum determined by insurance company annually. The liability or asset recognized in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by independent actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in profit or loss as past service cost.

Defined Contribution Plans - Provident Fund

The Company pays provident fund contributions to publicly administered provident funds as per local regulations. The company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognized as employee benefit expense when they are due. Prepaid contributions are recognized as an

asset to the extent that a cash refund or a reduction in the future payments is available.

2.14 Earnings per share

The Company reports basic and diluted earnings per share in accordance with Ind AS 33 on Earnings per share. The basic earnings per share is computed by dividing the net profit attributable to the equity shareholders by weighted average number of equity shares outstanding during the reporting year.

The number of equity shares used in computing diluted earnings per share comprises the weighted average number of shares considered for deriving basic earnings per share and also weighted average number of equity shares which would have been issued on the conversion of all dilutive potential shares. In computing diluted earnings per share only potential equity shares that are dilutive are included.

2.15 Cash & Cash Equivalents

Cash and cash equivalent in the balance sheet comprises cash on hand and at bank and demand deposits with banks with an original maturity of three months or less from the date of acquisition, highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the company's cash management.

2.16 Key Accounting Estimates and Judgment

As per Ind AS the accounting policy should also disclose the significant estimates and critical judgment used in preparation of financial statement. The same can be done based on following lines:

The preparation of the Company's financial statements requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Critical accounting estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below:

Income Taxes

The Company's tax jurisdiction is India. Significant judgments are involved in estimating budgeted profits for the purpose of paying advance tax, determining the provision for income taxes, including amount expected to be paid / recovered for uncertain tax positions.

Minimum Alternate Tax

Minimum Alternate Tax ("MAT") paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an deferred tax asset in the Balance Sheet when it is highly probable that future economic benefit associated with it will flow to the Company. The management estimate the Company to pay normal tax and benefit associated with MAT will flow to the Company within permissible time limit under Income Tax Act, 1961 to the extent MAT asset recognised.

Property, Plant and Equipment

Property, Plant and Equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Company's assets are determined by the management at the time the asset is acquired and reviewed at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technical or commercial obsolescence arising from changes or improvements in production or from a change in market demand of the product or service output of the asset.

Defined benefit plans

The cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and attrition rate. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the Balance Sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques which involve various judgments and assumptions

Impairment of financial assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

Impairment of Non-financial assets

The impairment provisions for Non-financial assets are based on assumptions about recoverability. The company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

Going Concern Assumption

Going concern assumption has been applied on the basis that the company will be able to continue its operation in the foreseeable future, and without there being any intention or necessity for it to either liquidate or curtail materially its scale of business operations.

2.17 Leases

The Company's lease asset primarily consists of leases for buildings. The Company assesses whether a contract contains a lease, at the inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in the exchange for a consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from the use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low-value leases. For these short-term and low-value leases, the Company recognizes the lease payments as an operating expense.

The right-of-use assets initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right of use assets is depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets is evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment of whether it exercises an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet, and lease payments have been classified as financing cash flows.

2.18 Recent accounting pronouncements

The Ministry of Corporate Affairs (MCA) on March 31, 2023 through Companies (Indian Accounting Standards) Amendment Rules, 2023 has notified the following amendments to IND AS which are applicable for the annual periods beginning on or after April 01, 2023

a) IND AS 1 – Presentation of Financial Statements

This amendment requires the Company to disclose its material accounting policies rather than their significant accounting policies. The Company will carry out a detailed review of accounting policies to determine material accounting policy information to be disclosed going forward.

The Company does not expect this amendment to have any material impact in its financial statements.

b) IND AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors -

This amendment has changed the definition of a "change in accounting estimates" to a definition of "accounting estimates". The amendment clarifies how companies should distinguish changes in accounting policies from changes in accounting estimates.

The Company does not expect this amendment to have any material impact in its financial statements

c) IND AS 12 – Income Taxes -

This amendment has done away with the recognition exemption on initial recognition of assets and liabilities that give rise to equal and offsetting temporary differences.

The Company does not expect this amendment to have any material impact in its financial statements.

36 Contingent Liability
(i) Claim against the Company not acknowledged as debts :

- a. IL&FS Financial Service Limited (IFIN) a 100% subsidiary of Infrastructure Leasing and Financial Services Limited (IL&FS) has filed a suit before the Bombay High Court against MSE (Suit No. 295 of 2014), along with a Notice of motion for interim relief for breach of the Share Purchase Agreement dated August 20, 2009 entered into between IFIN (Plaintiff), MSE (Defendant No.1) and MCX (Defendant No.2) for purchase of shares of MSE by IFIN from MCX. Various reliefs have been sought by IFIN from MCX and MSE (on a joint and several basis), including monetary claim of INR 84.21 crore along with interest.

In Notice of Motion no. 530/2014 the Hon'ble Bombay High Court through its order dated June 12, 2019 disposed off the Notice of Motion and ordered that MSE and MCX, shall be restrained either directly or indirectly from issuing any further shares of MSE in any manner whatsoever without seeking the plaintiff's prior written consent in accordance with and/or in terms of Clause 5.5(a) of the SPA dated August 20, 2009.

However, it was clarified by the Court that if IFIN unreasonably withholds its consent then MSE shall be at liberty to approach the court for appropriate orders.

MSE has filed an Appeal along with Delay Condonation Application and Interim Application for Stay to the said order dated June 12, 2019. The delay condonation application was allowed. The Appeal along with the Interim Application for stay was last scheduled on 05/12/2022 for admission, but was not taken up for hearing. The next date is not yet listed by Registry of Bombay High Court.

- b. The Income Tax Department has raised tax demand of Rs. 921.38 lakhs for the assessment year 2012-13. The Company has filed an appeal and rectification request against the same. Further, the Company has received refund of Rs. 683.05 lakhs on May 04, 2019

on account of rectification order passed by the assessing officer. The Company have been advised that the demand raised by the department is likely to be deleted accordingly the Company has not made provision for the same in books of accounts.

- c. Claims not acknowledged as debt Rs. 35 Lakh (PY Rs.70 Lakh)
- d. Cogencis Information Services Limited has filed a Commercial Suit No: COMS/202/2021 before High Court of Bombay claiming a sum of approx Rs.1.30 cr along with interest on principal amount of Rs.69.9 Lakh at 18% p.a. towards the alleged services for the remaining term of one year under the subscription form executed between the parties for data feed services. It is pertinent to note here that MSE as per the terms of subscription form had duly terminated the services before the end of the first year itself by providing 3 (three) months' notice and all due payments were made till the expiry date of termination notice period and hence MSE is not liable to make any further payments to Cogencis.

The Exchange has filed Written Statement to the Suit filed by Cogencis on 13 June 2022. The commercial suit is at Pre-Admission stage and next date will be provided as per CMIS of the Bombay High Court. However no new date has been Listed as of now.

- e. 63 Moons Technologies Ltd vide letter dated 03rd May, 2023 has claimed interest on the amount payable towards capital reduction approved by NCLT by order dated 19.08.2019.

37 Capital Commitment

Estimated amount of contracts remaining to be executed on capital account and not provided for (net of advances) is Rs 48.49 Lakhs as on 31st March, 2023. (PY Rs. 14 Lakh).

- 38 The Parent Company and MSE Enterprises Limited ("MEL") (formerly known as Metropolitan Clearing Corporation of India Limited) Boards respectively accorded their in-principle approval for the merger of MEL with MSE. Pursuant to the application made by MEL to SEBI to surrender the license / recognition, As per SEBI letter dated September 23, 2022, the recognition granted to MEL as a Clearing Corporation has expired wef October 03, 2022. MSE has filed merger application with NCLT on March 23, 2023 with the appointed date of April 01, 2023.

- 39 Pursuant to derecognition of MEL as Clearing Corporation, following steps has been carried out:

- a) Impairment testing on the assets has been conducted and requisite provision has been made and shown as Exceptional Item in the Consolidated Audited Financial Results for the quarter and year ended March 31, 2023.
- b) Interest earned on MEL own contribution to Core Settlement Guarantee Fund since inception has been shown as Operating Income, since MEL has been derecognised as a Clearing Corporation by SEBI from October 02, 2022.
- c) Pursuant to derecognition of MEL as a Clearing Corporation w.e.f. October 02, 2022, the contribution made by the Parent Company towards Core SGF with interest thereon, totalling to INR 15.46 Crores has been refunded to the Parent Company Also, the contribution made by ICEX towards Core SGF with interest thereon, totalling to INR 44.37 Crores has been refunded to ICEX.

- 40 The Parent Company has prepared its Financial Statements on Going Concern Basis, the Parent Company has incurred losses of Rs. 1,978 Lakh during the year ended March 31, 2023 (March 31, 2022: Rs. 2,329 Lakh) and the net worth of the Parent Company as per Stock Exchange and Clearing Corporation Regulation 2018 (SECC) norms amounts to Rs. 12,351 Lakh as on March 31, 2023 (March 31, 2022: Rs. 14,117 Lakh). The Parent Company has already filed application with NCLT during current year for merger of MSE Enterprises Limited (MEL), subsidiary (formerly known as Metropolitan Clearing Corporation of India Limited) with the Parent Company which shall further augment the net worth significantly as per SECC norms. The Parent Company is in compliance of all regulatory requirements including interoperability, T+1 settlement cycle, etc. The Parent Company has not defaulted in payment of any of its creditors, statutory/regulatory liability and to employees and has sufficient funds to discharge all its liabilities. The Parent Company has been able to increase its business volumes in the Currency Derivatives segment regularly and achieved its highest daily volume of last eight years during current year. The Parent Company is also in the process of enabling various initiatives, rationalization measures, brand building and technological upgradation which shall help in Business and Product Expansion along with focus on bringing down overall cost of operations. This shall ensure further significant reduction in losses and the Parent Company is confident of making profits shortly. The Parent Company is also expecting the resolution of pending legal matters in its favour considering the current status which shall result in significant benefits to the Parent Company. The Parent Company accordingly continues to prepare its Financial Statements on going concern basis.

- 41 In some earlier years, MSE could not charge transaction fee in its Currency Derivatives Segment as its dominant competitor, National Stock Exchange of India Ltd. (NSE), was not charging the same. On the complaint of the Company, the Competition Commission of India (CCI) passed an order dated June 23, 2011 directing NSE to cease and desist from carrying on its unfair pricing policy and further levied a penalty of Rs. 5550 Lakhs on NSE. NSE had appealed against the said order before the Hon'ble Competition Appellate Tribunal (COMPAT), which vide its order dated August 5, 2014 upheld the order passed by the Hon'ble CCI and found NSE guilty of indulging in anti-competitive practices.

An appeal has been filed by NSE before the Hon'ble Supreme Court of India challenging the order passed by the COMPAT(Now NLCAT) on August 05, 2014. The Hon'ble Supreme Court granted NSE interim stay on the recovery of the penalty amount of Rs. 5550 Lakhs (@ 5% of the average turnover). on February 12, 2018, an interim stay was granted to the proceedings of damages before NCLAT during the pendency of the present appeal filed by NSE in Supreme Court. The appeal was last listed on April 13, 2018.

While the aforesaid Appeal filed by NSE is pending before the Supreme Court of India, the Exchange has filed an Application for award of compensation for Rs. 85699 Lakhs. under Section 53N (1) of the Competition Act, 2002 before the COMPAT (now NCLAT). Vide order dated 12.02.18 passed by Hon'ble Supreme Court in Civil Appeal No.8974 of 2014 an interim stay of proceeding of damages as pending before had been passed. In the circumstances, the Hon'ble Tribunal adjourned the case sine die with liberty to the parties to mention the matter

after the decision of the Hon'ble Supreme Court. The appeal filed by NSE before Supreme Court i.e Civil Appeal No.8974 of 2014 is admitted vide order dated 20th February 2023. Now the matter will be mentioned on the regular board of the supreme court. The matter was last scheduled twice on 26/04/2023 and 27/04/2023 on the board of the Court Room no. 5, before Hon'ble Mr. Justice Dinesh Maheshwari and Hon'ble Mr. Justice Sanjay Kumar of the Supreme Court. however the matter could not reach till the end of the day due to urgent hearing of other connected matters. Now the matter is scheduled to be listed on 26/07/2023.

VII Sensitivity Analysis

Significant Actuarial Assumptions for the determination of the defined benefit obligation are discount rate, expected salary increase and employee turnover. The sensitivity analysis below, have been determined based on reasonably possible changes of the assumptions occurring at end of the reporting period, while holding all other assumptions constant. The result of Sensitivity analysis is given below:

Particulars	Gratuity	
	FY 2022-23	FY 2021-22
Projected benefit obligation on Current Assumption	141	153
Effect of +1% change in Rate of discounting	(3)	(9)
Effect of -1% change in Rate of discounting	4	11
Effect of +1% change in Rate of Salary Increase	4	10
Effect of -1% change in Rate of Salary Increase	(3)	(9)
Effect of +1% change in Rate of Employee Turnover	(0)	(0)
Effect of -1% change in Rate of Employee Turnover	0	0

These plans typically expose the Company to actuarial risks such as: investment risk, interest risk, asset liability matching risk, mortality risk, concentration risk and salary risk.

Investment risk	The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. If the return on plan asset is below this rate, it will create a plan deficit. Currently, for the plan in India, it has a relatively balanced mix of investments in government securities, and other debt instruments.
Interest Risk	A fall in the discount rate which is linked to the G.Sec. Rate will increase the present value of the liability requiring higher provision. A fall in the discount rate generally increases the mark to market value of the assets depending on the duration of asset.
Asset Liability Matching Risk	The plan faces the ALM risk as to the matching cash flow. Since the plan is invested in lines of Rule 101 of Income Tax Rules, 1962, this generally reduces ALM risk.
Mortality risk	Since the benefits under the plan is not payable for life time and payable till retirement age only, plan does not have any longevity risk
Concentration Risk	Plan is having a concentration risk as all the assets are invested with the insurance company and a default will wipe out all the assets. Although probability of this is very low as insurance companies have to follow stringent regulatory guidelines which mitigate risk.
Salary Risk	The present value of the defined benefit plan liability is calculated by reference to the future salaries of members. As such, an increase in the salary of the members more than assumed level will increase the plan's liability.

VIII Principal actuarial assumptions at the Balance sheet date:

Particulars	Gratuity As at	
	March 31, 2023	March 31, 2022
Mortality Table(LIC)	Indian Assured Lives Mortality (2012-14) Urban	Indian Assured Lives Mortality (2006-08) Ult
Rate of employee turnover	38%	For service 4 yrs & below 19% pa & 7% pa thereafter
Discount rate (per annum)	7.20%	6.90%
Expected Return on Plan Asset	7.20%	6.90%
Rate of escalation in salary (per annum)	6.00%	6.50%

The estimates of rate of escalation in salary considered in actuarial valuation, takes into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market. The above information is certified by the actuary.

The Expected Rate of Return on Plan Assets is determined considering several applicable factors, mainly the composition of Plan Assets held, assessed risks, historical results of return on Plan Assets and the Company's policy for Plan Assets Management.

The company has taken a Gratuity Policy with Life Insurance Corporation of India, the funds of which are managed by Life Insurance Corporation of India. Therefore the composition of investments is not ascertainable

Recognised fair value measurements

Level 1: Hierarchy includes financial instruments measured using quoted prices. This includes mutual funds that have quoted price. The mutual funds are valued using the closing NAV.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include:

- the use of quoted market prices of instruments

49 Capital management

The Company manages its capital so as to safeguard its ability to continue as a going concern and to optimise returns to our shareholders. The capital structure of the Company is based on management's judgment of the appropriate balance of key elements in order to meet its strategic and day-to-day needs. We consider the amount of capital in proportion to risk and manage the capital structure in light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the company may adjust the amount of dividends paid to shareholders, return capital to shareholders or issue new shares.

Compliance with externally imposed capital requirements:

In accordance with regulation 14 of Securities Contracts (Regulation) (Stock Exchanges and Clearing Corporations) Regulations, 2012, the Company shall have a minimum net worth of Rs. 10,000 Lakhs at all times.

50 Financials Risk Management

The Company's principal financial liabilities comprise of trade and other payables. The Company's principal financial assets include trade and other receivables, cash and short-term deposits that derive directly from its operations.

The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below:

The Company has an active Risk Management Committee which enables the Senior Management to establish a strong risk management framework and oversee the related risks from time to time. The business activities of the Company exposes it to certain financial risks which can be broadly categorized into : credit risk, liquidity risk, market risk and regulatory risk. The activities of the Risk Management Committee rotates around identifying, analyzing and categorizing potential risks, set appropriate metrics and controls to timely monitor them and ensure that they adhere to limits. The frameworks, policies and systems related to risk are reviewed on regular intervals by the Committee and proposed changes are reflected depending on factors like market conditions, industry developments, regulatory updates etc.

Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and investment securities. Credit risk arises from cash held with banks and financial institutions, as well as credit exposure to clients, including outstanding accounts receivable. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets.

Trade and other receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry in which the customer operates, also has an influence on credit risk assessment.

The Company has a large and diverse customer base and also collects members deposits as collateral which can be utilized in the case of Members default. The Company provides the stock exchange services to its listed companies and registered members and their clients. The revenue of the Exchange is not concentrated on small number of customers. All trade receivables are reviewed and assessed for default on a periodic basis. The Company assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors. Our historical experience of collecting receivables indicate that the credit risk is low.

Other Financial Assets

The Company also maintains cash exposure with banks, term deposits with banks/financial institutions and invests in marketable debt instruments (including mutual funds). For risk diversification, the Company invests into varied instruments across various organizations with secured credit ratings as per the approved Investment Policy. Individual limits are set on concentration and exposures, credit ratings, financial position of each segment and counter-party and it is ensured that regular monitoring of the mentioned criteria are being done by the Company. Due to diversification, secure ratings and proper monitoring on a timely basis, risk factor is very limited.

Liquidity risk

Liquidity risk is the risk that the Company faces in terms of obligations related to financial liabilities. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due. The Company's finance department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. The management monitors the Company's net liquidity position through forecasts on the basis of expected cash flows. The Company's treasury department ensures that the day-to-day forecasts are being made in terms of cashflow requirements based on operational needs and any surplus cash generated is either retained as cash and cash equivalents or invested in allowed investible instruments as per the Investment Policy of the Company.

The table below provides details regarding the contractual maturities of significant financial liabilities as at March 31, 2023 and March 31, 2022.

Market risk

The Company's business, financial condition and operations are dependent upon the levels of activity on the Exchange and in particular upon the traded volume, number of listed companies / securities, the number of new listings and subsequent issuances, number of members added etc. All these contribute to our revenue.

The Company is exposed to interest rate risk due to its investments in debt-related instruments. The interest rate risk is directly linked to the future movements of yield in the market depending on RBI's decision and take on various factors.

The Company is mainly exposed to the price risk due to its investment in mutual funds and investments in equity shares. The price risk arises due to uncertainties about the future market values of these investments.

Regulatory risk

The Company is a Stock Exchange recognized by Securities and Exchange Board of India (SEBI). The Company's operations are subject to continuous review as per the governing regulations as laid down by SEBI. The Company's regulatory team constantly monitors the compliance all applicable SEBI rules and regulations.

Post implementation of interoperability requirements, all Exchanges are required to contribute such amounts to the Core SGF of the Clearing Corporations as may be determined in accordance with the methodology specified by SEBI. The contribution to the Settlement Guarantee Fund of each Clearing Corporation is based on the ratio of Turnover of each Exchange to the relevant Clearing Corporation. The Exchange has made already met necessary contribution to SGF and is in compliance with the requirement laid down.

SEBI letter No. SEBI/LAD-NRO/GN/2022/96 dated September 14, 2022 renewed the recognition granted to the Stock Exchange for a period of one year commencing on the 16th day of September 2022 and ending on 15th day of September 2023.

As per Securities contracts regulations (stock exchange and clearing corporations) regulations 2018, a recognised stock exchange shall have a minimum net worth of Rs. 10,000 Lakhs at all times. The Exchange is in compliance of net-worth requirement as laid down under the regulation. The net-worth of the Exchange as on March 31, 2023 stands at INR 12,351 Lakhs.
